

"Thanks for the Memories"

"Thanks for the memories. We've feasted, we've fasted, we've had fun — no harm done. It's all been swell, Thanks so much." Although the year's song was at an end, each individual's song would continue throughout his lifetime, to be written in many ways, practiced many years. The song was one to be shared and remembered with happiness for it contained sharing, friendship, love, harmony.
