

Sophomores Enjoy Mastering Studies

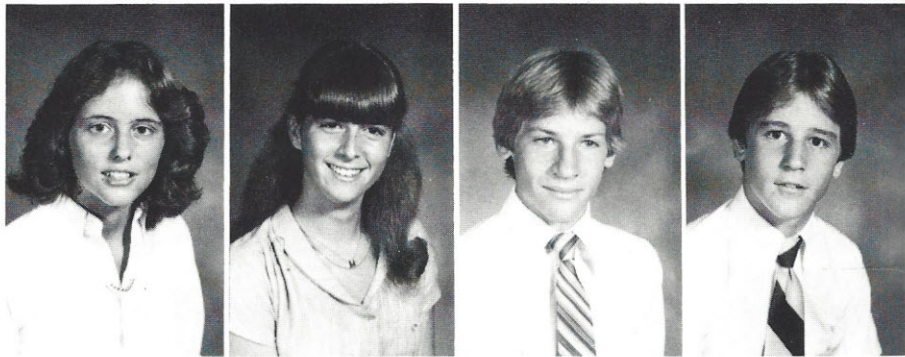

This year's sophomores added their voices to the halls of WHA. They raced to their classes and after-school activities. Many of the tenth graders had the opportunity to participate in varsity sports, varsity cheerleading, and Pep Club. They were challenged with

harder and more advanced courses. Money was earned for their class treasury by selling cokes, cookies, and doughnuts during the exams. The highlight of the year was the prospect of being chosen to serve as waiters and waitresses for Junior-Senior.
