Logan,
 You've really given me something to strive for, that is, in track. Thanks for giving me a ride the 1st few times. I'm glad you're going to the Citadel '81-82. You'll make a great knob, plebe, and cadet. I hope you like it. If you need any help while down there ... run! You were great in football, basketball, and track and what ever else you did.
