

# '81 Rebel Records School Events

Students in grades 9-12 worked diligently for many hours to record the events of the 1980-81 school year in the *Rebel*. The business staff began in the summer selling ads to local businesses and then sold annuals to students during the first semester of school. The editorial staff worked during study halls and after school to draw layouts, crop pictures, and write copy and cut lines. Pictures for the annual were taken by the photography staff which was aided greatly by Mr. Jack Cayton. Through the combined efforts of many, the production of the '81 *Rebel* was successful.
