

# Students Become Involved

Students volunteered their time and effort to become involved in school activities. Some students gave up their study halls to work in the office or to aid Lower School teachers. Others became involved by helping Coach Moulton with P.E. classes.

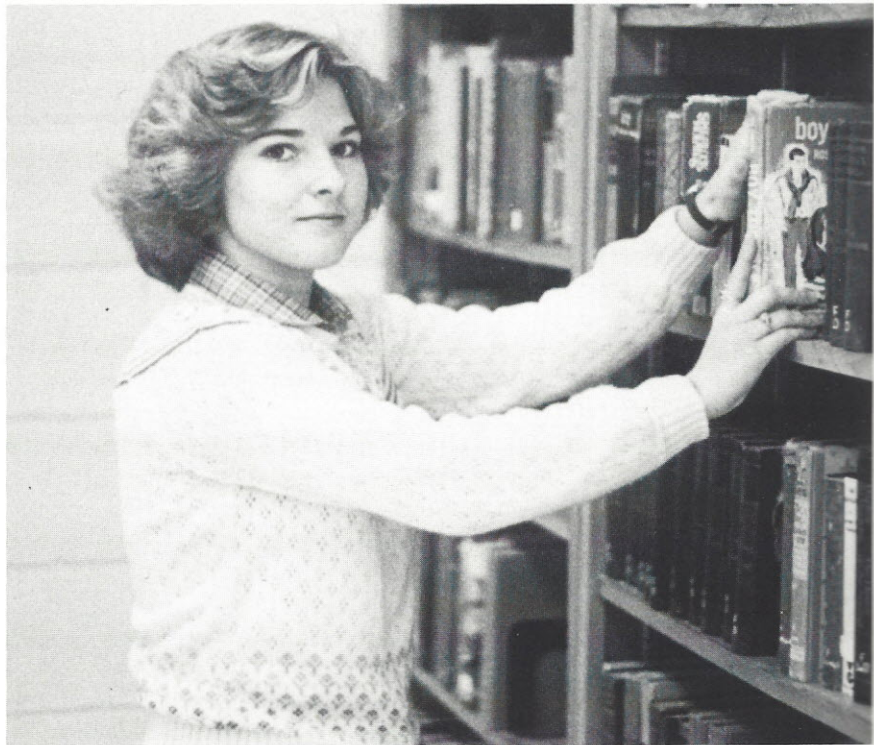

At lunch time many students assisted Mrs. Amos in the canteen. Sixth graders stayed after school to direct traffic. Library assistants helped others while learning about the library and its operation. The school benefitted greatly from the services of these volunteers.
