

Juniors Entertain Seniors at "Gatsby's Garden Party"

The juniors worked industriously to provide the 1980 senior class with the best Junior-Senior ever. "Gatsby's Garden Party" was the theme. Some special effects, which added to the atmosphere, were the serving of punch from an "old-timey" bathtub, the pictures being taken with a Model-A Ford as the background, and an arrangement of daisies on each table.

Chosen sophomores were the waiters dressed in red and white striped vests and skimmer hats, and the waitresses, dressed in flapper dresses. These sophomores also presented a skit "mocking" the seniors. The band Fortune provided the music. All of these things contributed to the theme to make the evening a total success.
