

For Students of Lower School Graduation Holds Much Excitement

Excitement grew as the sixth graders looked forward to graduation. Each one eagerly awaited his new beginning in the Upper School. The graduation took place in McAlister Auditorium, and Mr. Connor presided over the ceremony and presented diplomas.

For their graduation, the kindergartners presented the program "Children Around the World." Indians, Orientals, Pilgrims, Scots, and football players were some of the groups represented in the program. They then awaited becoming first graders.
