

well Logan,

What can I say about this year? well for one thing it started out wide and ended up narrow. No, seriously, it has been a real nice honor to meet someone with such a mind as yours. Washington's Hotel will never be the same, [OK], we almost drowned. I hope you do well at Cadet Capital next year, I'll remember the first time I found out who you were you ~~intercepted~~ intercepted the only pass on SiO. year. Boy I hated you. But now, I guess you o.k. Have fun this summer & don't spend too much money at the Pizzeria (hat), (P&S)
