

## BASEBALL

The Wildcats closed their baseball season with a great deal of success. They won the championship of their section of the district finals.

A summary of the games are as follows: The Wildcats won five games from Smoaks, dropping one to them, they split in two, two game series with Hampton and St. George; lost two to Porter, one to North Charleston, and defeated Yemassee.

Only two regulars will graduate this year, Marvin, the flashy second baseman, and Still, centerfielder, and relief pitcher.

The pitching duties fell to Towles, H., and Kinsey. Both have made good at this job. They alternate as pitchers and right fielders. Kinsey is the leading hitter and has shown up very good during the season. Towles is also an excellent hitter, ranking third. You can't say too much for his pitching, for he deserves all that can be said.

"Billy Walter" again did the majority of catching this year, and has done his share towards the team's success. Walter is the team's leading base stealer. Drawdy is the relief catcher, who does his share of hard work with success.

At first base there was Cummings always ready to do his share of the talking.

At second Marvin has been one of the stars of the season. This little second baseman certainly can cover the ground, and has hardly ever let a ball go by him.

Towles, F., at shortstop is one of the leading hitters of the season, ranking second.

Blocker at third base has covered his corner with success.

In the leftfield there was Thompson always ready to nab the flies that came his way.
