WALTERBORO HIGH SCHOOL BUILDING

THIS BOOK FOREWORD

Four years ago, when the Class of '29 were merely freshmen, the senior class of Walterboro High School put out the first annual in the history of the school. This live and ambitious class not only put out a creditable annual, but it fired the hearts of the underclassmen to reach the standard set for them.

Each succeeding class worked for another edition of the "Cedar Chest," but for one reason or another each one missed the mark until the freshmen class of that year became dignified seniors. The desire planted in their youthful hearts still burned brightly, and they too began working for an annual. Difficulties will arise, and this class had many to overcome. Finally this little book was begun. It does not aspire to the title of an annual, but it is simply a memory book to keep the memories of dear old W. H. S. green forever. It is so near our goal that the class of '29 is proud of it. May it accomplish its purpose so well that when in after years we look through its pages we can live over again the joys and sorrows of our high school days.

DEDICATION

To Mr. Ward, who has always sympathized with us in our high school ups and downs, encouraged us in our defeats, rejoiced with us in our victories, and inspired us at all times to live up to the very best that is in us, we fondly dedicate this booklet, hoping that it will show in some small degree our appreciation for all he has done for us.

TO THE FACULTY

To the Faculty of Walterboro High School belongs the credit of molding our characters to become true men and women. As we journey onward along the pathway of life, the honors that we may receive, and the good we may do in the world can be directly traced back to the teachings of our efficient faculty. The class of '29 entered W. H. S. with minds and character as pliable as sculptor's clay; and through the untiring efforts of the faculty in the years that followed, through their most efficient

teachings, our lives were laid out along the lines that, we hope, will reflect credit and honor to them as well as to ourselves.

Teachers of W. H. S.: We wish to take this means of showing to you that we heartily and sincerely appreciate your efforts in our behalf—; that in spite of the times you thought us ungrateful—in spite of the little things we did to worry and harass you in years gone by, we realize with full hearts that all we are, or will be, is due entirely to you and your teachings.

OUR FACULTY

Mr. W. H. Ward, our superintendent, has always been interested in the affairs of the classes and students, and he is ever ready to help and give information on any subject. The school owes its greatest appreciation to him.

Mr. T. B. Stevenson, principal and teacher of Physics and Science, is most efficient. He has been with Walterboro High School for six years, and the school feels that he is a very necessary part. Mr. Stevenson has done a great deal to make athletics an important feature in the high school work.

Miss Genevieve Garris, teacher of Geometry and Algebra, has won the hearts of everyone for the three years that she has taught here. Her work has been excellent; and it is felt that a great advantage was had when Miss Garris came to teach in W. H. S.

Miss Maude Bruce Jones, English teacher, has been with W. H. S. for two years. Miss Jones specialized in English at college; and she has taught the students a great deal that they should know in that subject. Although Miss Jones is rather strict, we have found out that we learn much more when a teacher is that way.

Miss Mary Lee Rivers is our teacher of Music. W. H. S. almost lost a very good member of the faculty when Miss Rivers thought she would not return; but at last she decided that she could not leave us. She has been with us for three years.

Miss Beryle Brawley, playground and auditorium teacher, has won the entire student body due to her pleasing personality. She has been very successful with plays and other programs and we are very sorry that she can't be with us next year.

Miss Elizabeth Sullivan, our Bookkeeping, Typewriting, and Shorthand teacher, has done more good in W. H. S. than we can express. She is training us to be real men and women. Everyone loves her because of her kindness and sweet disposition. She's been with us for three years.

Miss Frances Hunt, history and English teacher, has just come to us this year, but we already feel we can't do without her. Miss Hunt is very quiet and sedate; but that kind often make the best teachers; and all the students say she is excellent.

Mrs. Clara Fishburne has been with us for years and we feel that something would be missing if she were not here. When we need advice or help, "Aunt Clara" is our mark. She has helped us a lot with the Library and has proven very efficient in that line.

We miss Mr. Craig Kennedy, French teacher, very much, since he left us at Christmas to become principal of Seneca High School. He was coach for the boys' athletics

and was also playground teacher. He showed a great deal of interest in all his work and we wish he were back with us.

Although Mr. Lowe, who took Mr. Kennedy's position, has only been with us since Christmas he has won a place in everyone's heart. We are very sorry he will not be back with us next year. Mr. Lowe is teaching French, Latin and playground work.

Mr. L. W. Alford, Agriculture teacher, also left us in the middle of the year for the position of County Demonstrator. He advanced Agriculture in W. H. S. so much that it is a very popular subject now. We all miss him; but we feel he is doing work that will help more for the community.

Mr. H. G. McColl, who succeeded Mr. Alford, has been very popular with the boys—and girls. We were very fortunate in having him come to teach here.

Miss Marjorie Oliver, teacher of Home Economics, is the only Home Economics teacher we have had for more than a year; but we are very sorry that we cannot have her back next year. She is another that is very strict; but the Home Economics students have learned how to cook and sew while she has been teaching. We hope, Miss Oliver, that your cooking and sewing will be very useful in later years.

Mr. I. Y. Caughman, History and Biology teacher and assistant athletic coach, is one of the most popular teachers of the school; and has won many friends. He has made History an interesting subject instead of one that was always dreaded.

We feel very fortunate that we were able to have Miss Ida Mae Fishburne back with us this year. She taught here four years ago; and the students were sorry to have her leave us. She teaches English, Algebra, and Geography. We wish she'd stay.

Miss Ruby Murray, the "office dog," has been very faithful and has done her work efficiently all the year. This is only her first year of office work here; but we hope she will be with us again and again, for her "square deal" has made all love her.

CLASS POEM

Behind us are the cliffs we had to climb,
The stepping stones to success;
Now we look back over the sandy tracks of time
And recall memories we love best.

We can not tarry the race is not run,
Before us rises the steep mountain cress;
And we must cross ere the setting sun,
And on the other side find rest.

We are the toilers to whom God gave
The gifts that are good to hold;
We worked full hard and hardships braved
And in success were manifold.

Free from the stain of iniquity,
In the mold of honor our lives were cast;
Trained by standards of purity
Lords of the future, guardians of the past.

Onward we struggle to higher height,
Driven by the law which bids us know;
We can not live without the light
We must forward or backward go.

ROBERT BRELAND

Student Council '29; Chem Craft Club '29; F. P. F. Club '29; Football Team '27-29.

Robert has always helped ole W. H. S. to victory on the football team. He is very popular among his fellow students and we hope that he will play the game of life as well as he plays football.

HELEN BEACH

Dramatic Club '28; Glee Club '28; Dramatic Club '29; Oratorical Club '29; President Music Club '29; Senior Play.

Helen Beach is one of the talented members of our class. She reads, draws, sings and plays. In fact she is willing to do most anything. She has always taken an active part in the school activities and she will be missed when she leaves.

JESSIE BLOCKER

Cartoon and Poster Club '28; Kodak Club '28; Commercial Club, Vice President '29; History Club '29; Dramatic Club '28.

Jessie is always willing to oblige and is always willing to do her share in any of the school activities. She is an excellent student and her curly black hair and big brown eyes are the envy of the school.

MARY BUTLER

Class Historian '29; Music Club '28; Dramatic Club '29; Reporter for Wildcat Staff '26; English Contest '29; Scholarship Winner '26-27.

Of course every class must have its dignified member. Mary can always be seen hurrying through the halls on her way to classes, especially from assembly to History. Mary has the most extraordinary ability of keeping a straight face in class while a joke is being told. She never tires of rendering assistance to the needy.

ISADORE BOGOSLOW

Debating Team '28-'29; Secretary of Wildcat Club '29; Dramatic Club '28; Glee Club '29; Secretary Chemcraft Club '29; Class Reporter '29; Wildcat Staff '29; Annual Staff '29.

"Tinchie" justifies the statement—little but loud. He has an attractive personality and has won many true friends. Since he has made such a success on the debating team, he probably will be one of the great politicians of South Carolina in future years, and then we'll all be proud that Tinchie came from W. H. S.

MYRTLE BEACH

Cheer Leader '29; Secretary and Treasurer '26; Secretary and Treasurer '27; Secretary and Treasurer '28; Prophet '29; Wildcat Staff '29; President of Kodak Club '28; Glee Club '28; Dramatic Club '29; Senior Play.

Myrtle, commonly called "Ann" or "Baby" by certain people is the happy-go-lucky young lady that a school must have to furnish the "fun," although she has many arguments, she is quick to forgive, and in that way has a "flock" of friends.

DURELL BEACH

Vice President Senior Class; President F. P. F. Club; Member of Chemcraft Club; Senior Play.

Durell is a boy with high ideals and plenty of energy. We feel sure that he will make a place for himself in the world.

EUDELLE BOWEN

Secretary and Treasurer of Commercial Club '29; President Bookkeeping Club '28-'29.

Eudelle is quiet and never attracts attention to herself yet her presence is necessary to make any senior gathering complete. She has a delightful way of doing nice things for everybody which has won her many friends.

ELIZABETH BOYNTON

History Club '29; Geography Club '29.

Tall, cherry and nice—that's Elizabeth. She is an "outdoor girl" and yet she takes Home Ec. Ask her how her "sewing" is getting on when you have time to listen to a tale of woe from here to New York.

EDWARD ACKERMAN

Astronomy Club '28; Wildcat Club '29; Chemcraft Club '29; Wildcat Staff '29; Class Basketball Team '29.

"Bristles" has a passion for note writing. He writes them in every class but he also has the art of looking so saintly that the teachers never suspect him.

ELLA MAE BEACH

Dramatic Club '28-'29; Oratorical Club '28-'29.

"Sue"—We hardly know how to express or explain her. Her smiling baby face is always seen where there is a friendly group of students talking. We couldn't do without "Sue" because she is constantly giving soothing words here and comforting looks there.

EDITH CARTER

Commercial Club '28; Miscellaneous Club '29.

Edith's motto seems to be to say little but to accomplish much. She is always willing to do her share and more, and W. H. S. will miss her when she leaves.

MARGARET EASTERLIN

Varsity Basketball Team '28-'29; Wild Cat Staff '29; Block W. Club '28; Dramatic Club '28-'29; Wildcat Club '29; Tennis Club '29; Senior Play; Annual Staff '29.

Marg. is athletic. In fact our Basketball Team would have been in a sad plight without her. She is full of fun and her studies are the least of her worries.

FRANCES FISHBURNE
Post Grad.

Cheer Leader '29; Commercial Club '29; Tennis Club '29; Reporter Bookkeeping Club '29.

Fan.—How can we describe her? It's impossible! Likeable? Yes! Witty? Yes! But most of all how she can tear up a piano!

CECIL DURHAM

Bookkeeping Club '29; President of Chemcraft Club '29; Football Team '29.

"Red" has been the life of the school during his one year's stay at W. H. S. His guitar, voice, and mouth have helped us to enjoy his being with us. "Red" is very witty and everyone likes him. Wonder what would have happened if he had attended our school for four years.

PETE CROSBY

Chem Craft Club '29; Kodak Club '28; Astronomy Club '29; Mathematic and Puzzle Club '29; Scrub Football and Basketball '27; Varsity Football '29; Class Basketball '29.

Pete is good natured and never gets offended at jokes played on him. He is willing to help anyone and everyone to the best of his ability. Pete's quiet, but under that quietness there's a lot of fun and mischievousness just like other boys.

PEARL COHEN

Fancy Work Club '29; Debating Team '29; Dramatic Club '29; Reporter of Fancy Work Club '29; Class Basketball Team.

Pearl is one of our best school citizens. She has the good of the school at heart and is one of our "workers." If anything is to be done Pearl is always right there and ready to do it.

RUTH FRANK

Class Reporter '28; President Dramatic Club '29; Wildcat Staff '29; Reporter Wildcat Club '29; Student Percipitation '29; Glee Club '29; Tennis Club '29; Music Club '29; Library Club '29; Senior Play.

Ruth's personality is like her red hair—vivid. She is fond of study and yet she knows when to leave off work for play. This makes her popular with teachers and pupils. But the best of Ruth's qualities is her loyalty to her friends and her school.

MARY LENA GILLILAND

Debating Team '29; Dramatic Club '29.

When Mary Lena came to W. H. S. she was a stranger but it wasn't long before people began to talk to the "new girl's" ability as a reader. Mary Lena soon proved herself an excellent scholar and now her position in W. H. S. is firmly established. We are only sorry that she couldn't have been with us four years instead of one.

INEZ GLOVER

Kodak Club '28; Art and Poster Club '29; Medal for Most Progressive in Music '28.

Inez is the Musician of our class. She is always willing to show her talent with us and plays quite frequently in assembly.

EULALIE GUESS

Glee Club '28; Biology Club '29; History '29.
Tall and slender—that's Eulalie. She is one of our most popular seniors. She is one of the few seniors who finds time to study some but don't think Eulalie is a book worm because she knows when to leave study off for play.

ELIZA SLOMAN

Glee Club '28; Kodak Club '28; History Club '29; Dramatic Club '29.
"Liza" usually found with "that certain party," is the bright and gay spot in the school. Her sunny disposition completely overshadows her hot—temper. We know she will always succeed in making friends wherever she goes.

JAMES HIERS

Senior Play; Block W. Club '28-'29. Chem Craft Club '29; Puzzle Club '29; Glee Club '29; Football Team '28-'29; Senior Class Basketball '29.
By his personality and sunny ways "D" has won a host of friends. James has a marvelous knack of impersonating import and character of the school. We can't express how much we have enjoyed the "Babe Ruth's" that he has furnished.

WILLIE MAE HUDSON

Commercial Club '28-'29.
Willie Mae is so quiet and modest that one wouldn't know how much she means to the success of our class until she is absent and we begin to see the difference. She is a good school citizen—what more can be said?

EULA LEE HUDSON

Vice President of Commercial Club '28-'29; Bookkeeping Club '29.
Eula Lee is the pleasant sort of girl that we appreciate all the time. We never see her without that cherry smile. She is quiet and reserved; but always enjoys a good joke to the fullest extent.

HELEN JACOBS

Wildcat Staff '28; Secretary of Wildcat Club '29; History Club '29; Dramatic Club '29; Secretary of Music Club '28; Representative in Music Contest '29; English Contest '29; Glee Club '29; Senior Play.
Although Helen appears to be very quiet and sedate, she often breaks loose into one of her giggles which lasts for quite a while. Helen is the kind of a girl every school needs because she is always cheerfully willing to help others in time of need.

EDITH LINDER

Fancy Work Club '28; Basketry Club '28 Treasurer; History Club '29; Miscellaneous Club '29, Reporter.
Edith is the domestic type. She shines in Home Ec. and we expect her to make a happy home for somebody one day.

GLADYS LINDER

Fancy Work Club '29; History Club '29.
Gladys is new to us and yet, we can't see how the class of '29 got on without her the three years before she came to W. H. S. She is the kind of girl people say of: "Oh, isn't she sweet!" But don't forget this sweet little girl has a will all her own!

HARRIET HOWELL

Debating Team '28; President of Class '27; Vice President of Class '28; Secretary and Treasurer of Class '29; Varsity Basketball Team '29; Scrub Team Basketball Team '28; Editor-in-Chief of Wildcat '29; Assistant Editor of Wildcat '28; President of Wildcat Club '28; Secretary of Tennis Club '29; Vice President of Student Body '29; Senior Play; Dramatic Club '29; Glee Club '28; Annual Staff '29.

The sunny spot of the school falls on Harriet, one of our most popular girls. She is the kind of a person who wins a place in everyone's heart. We certainly will be loosing a good citizen when Harriet graduates from ole W. H. S.

JAMES WARD

Student Council '27; President Block W. Club '28; Chem Craft Club '29; Baseball '27; Basketball '27; Track '27.

"Jim" has always starred in all kinds of athletics, especially in Football. He has not neglected his work for athletics however, and has always made creditable marks.

GLADYS TUTEN

Commercial Club '28-'29; Bookkeeping Club '29.

Gladys is a good school citizen. She is faithful to her work and always willing to help with any outside activities. We will miss her when she leaves.

CARL STILL

Basketball '28-'29; Block W. Club '29; History Club '29; Chem Craft Club '29; Hi-Y Club '28-'29; Senior Play; Glee Club '28.

"Will—ie" has always starred on the athletic field, playing basketball, football, and baseball. He sings on the Glee Club too so you see he is a good all around senior.

CLARENCE THOMAS

Block W. Club '28-'29; President F. P. F. Club '29; Vice President Chem Craft Club '29; Judging Team '27; Student Participation Committee '29; Senior Play; President Puzzle Club '27; Football Team '28; Captain of Football Team '29.

Clarence is a good sport. He stands for clean, fair sportsmanship and his influence in W. H. S. has been for the good. He is not only athletic but he never neglects the more important things of school life. When Clarence leaves W. H. S. she will be infinitely poorer.

IRVING THOMAS

Track Team '27; Kodak Club '28; Block W. Club '28; Glee Club '28-'29; History Club '29; Chem Craft Club '29; Scrub Football Team '29; Senior Play '29.

"Er-we-la" is one of the leading singers, a booming tenor. He also has a weakness for dancing and mimicing people.

HASKELL PADGETT

F. P. F. Club '28-'29.

Haskell is a good all-round sport. His motto is "Play the game fair." He has been with us for all four years and we have learned that "Squirtiss" has the will to do and accomplish things for the betterment of himself and others. We will surely miss him when he leaves us. We all wish him the greatest success in life.

HELENE RIVERS

President Class '26-'27; Glee Club '28-'29; Wildcat Staff '26; Varsity and Basketball Team '26-'27; May Queen '29.

"Lene" is one of the beauties of the class. Her laugh (giggle) is often heard in many parts of the building. She is always taking people into her confidence. If you want to know the gossip and scandal of the school and town just soo "ole" Helene. She gets it direct.

JANE SHAFFER

Wildcat Staff '27-'28-'29; Scrub Basketball '27-'29; Representative in Oratorical Contest '29; Dramatic Club '29; Glee Club '28; Tennis Club '28; Senior Play.

Jane is one of the most popular girls in the class. She is never too busy to tell a joke or to laugh at somebody else's joke. Eating is her favorite pastime and her curly hair is the envy of every straight-haired school citizen and takes part in all of the school activities. In fact the only thing she lacks is a love for study—this she never has had and we fear that she can never hope to cultivate it.

DOROTHY STROMAN

Student Council '27; Chem Craft Club '29; F. P. F. Club '29; Football Team '27-'29. Vice President '28; Glee Club '28-'29; Wildcat Club '28-'29; Wildcat Staff '28-'29; Annual Staff '29.

The halls of W. H. S wouldn't be the same without the sounds of "Dots" good-natured laugh. She is always friendly and so has won many friends.

ALVIN SKARDON

Ninth Grade, History Medal, Glee Club; Tenth Grade, Secretary of Class, Book Club Essay Prize, Debating Team, History Club, Dramatics Club; Eleventh Grade, Debating Team, Flag Contest Medal, Dramatics Club, Wildcat Club, Boys' Glee Club, Tennis Club, Business Manager of Wildcat, Business Manager of Annual.

Alvin is the scholar of the class. He always takes an interest in the scholastic side of the school life and is noted for his love of history. He is a good school citizen and we will miss him.

JEAN McTEER WICHMAN

Wildcat Club '29; Chem Craft Club '29; Alt. Debating Team '29; President Tennis Club '29; Class Lawyer '29.

"Jeanie" or "Beans" is without a doubt the best natured girl in school. She is always willing to help and she has won for her friends both students and teachers. Jean has the marvelous art of making good marks without ever opening a book. How we envy her! She is decidedly gifted in writing witty pieces for our school paper, and she is also numbered among our artists. On the whole, she is a good all-round citizen.

JUNIOR-SENIOR RECEPTION.

On April the twenty-first a meeting of the senior class was called, at which the president of the junior class presented to each senior an attractive and unique invitation. On the left side of the card a quaint little "Jap" was painted in shades of lavender, purple and gold. These invitations requested the seniors to attend a reception on the night of April the twenty-ninth.

The Junior-Senior reception is always the chief social event of the school year, and this year it exceeded the expectations even of the seniors! On Monday night, promptly at eight o'clock, seniors, so transformed by laces, silks, curls, new suits, and "stay-comb" that they were hardly recognizable, began to drift into the wide hall of the high school building. For half an hour an informal reception was held in the downstairs halls. At about eighty-thirty the guests were invited upstairs. At the door of the large study hall everybody was given a cup of refreshing punch. They were then requested to find seats in the study hall, which was decorated as a Japanese garden, the walls being hung with gray moss and wisteria.

Then followed a welcome address by Hooper Skardon, President of the Junior class, to which Miles Beach, President of the Senior class, responded. After this Mrs. Padgett sang a group of lovely songs, Mr. Padgett accompanying her on the piano. At this point junior girls, dressed as Japanese maids, brought in delicious ice cream in the class colors, pink and green, and little hand-painted cakes.

After refreshments fun was furnished by Moultrie Derrick, Kenneth Langdale sang a series of popular songs; Jean Wichman read the Senior class will; Lambert Tindall followed with the class prophecy.

All at once everybody's attention was attracted by a picture being flashed on the wall, and, behold there were the dignified seniors in their second grade of school, shorn of all their present dignity! After this the pictures of teachers, trustees and other notables were flashed on the screen. As the last picture faded Mr. Ward made an announcement which sent the seniors into a panic. Each senior was to be put in the spotlight! So all the dignified seniors retired to the hall and marched in one by one and stood in the spotlight while they addressed a few words to the audience.

As soon as everyone had returned to the room Miss Brawley began the "Alma Mater" and the assembled guests rose and stood at attention while the students sang with great feeling the impressive song which had been their watchword during their four years of high school.

It was now time for "all good school children" to be in bed, so everybody went home. The seniors felt as if their cup of happiness was full, and yet it was a happiness which was close akin to tears, for they had begun to realize that one of the happiest and most carefree phases of their lives had almost passed, and that never again, if they lived to be a thousand years old, could they attend a "Junior-Senior" as high school seniors.

A GIFT TO THE SCHOOL BY SENIORS

During the month of February under the auspices of Walterboro Book Club our schools had the opportunity of seeing and studying some painting of our greatest artist. The Senior class decided they could leave nothing better to the school than a beautiful painting, and after selling tickets to the Art Gallery the proceeds were used for the purchase of the paintings, "The Song of the Lark" and also "After the Storm."

HISTORY OF CLASS OF '29

In September of 1925 a new class came into being. There were in it many of the same pupils of Walterboro Grammar School besides newcomers from the surrounding country, and neighboring towns. History repeats itself, it is said, but we are inclined to believe that in the birth of the class of '29 history made a step forward.

The first comment of the Sophs when we made our debut into high school life was "'Greener'n green apples.'" But we intended to show them that we were made of that material which is needed to make a high school grow. After a year of hard (?) work we were rewarded by having our pictures put in the first and last edition of the High School Annual, the Cedar Chest. We were much elated over this and our spirits were not dampened very much when we were informed sarcastically that freshmen's pictures were usually put in annuals to fill up space.

During our second year we commenced with renewed zeal the work began in our freshman year. This year our compensation for hard work was in counseling the freshmen, but, alas, it seems that that advice came to naught. One of the chief events of that year was the May Way program, in which many of our girls participated.

With our junior year came new duties and new responsibilities. There were many new members from our class on the Wild-Cat staff, for in the next year the chief responsibility of editing this paper would be in the hands of the Senior class of '29. Students from our grade took active parts in the debate and reading contests. They even went to our state capital and it was not for the purpose of visiting a well-known resort there, either. No good play, to our way of thinking could be given without four or five juniors in it.

Next came our senior year with a class of fifty-four members. The Senior class sponsored the honor society which is national in scope, and the Student Participation plan. The main event of the year was the presentation of the class play, "Seventeen." This was one of the best and most heartily enjoyed plays ever given by the Walterboro High School. On account of not having an annual the Senior class decided to put out a booklet of about forty-eight pages.

All this year we have looked forward to our graduation with a feeling of pleasure and regret. At last we have reached the goal of our high school career. All the joys and sorrows of W. H. S. life are in the past. We realize that we have wasted many hours and many golden opportunities, but with our futures before us we shall ever strive to "uphold our standard" until the end. The memory of our superintendent, principal, and teachers will always be with us and their influence will ever remain a guiding factor in our lives.

PROPHECY

Listen, aye, the class of 1929 what your diploma holds for you, for as it is written, your president, Miles Beach, has in all his dignity and stately bearing profited by his leadership of this class. See him, not leading the affairs of a high school class, but the affairs of our state. The governor of South Carolina in 1952, on the day of his inauguration.

Again, it is written your Vice President, Durrel Beach, felt the call to go further into the education world and he is now president of a large university. On this day he is presenting diplomas to his graduating class.

As I unroll further I see a member of your class who caught the vision of saving the world from sin. Harriet Howell has become a missionary in Japan. See her with the little Japanese children.

It is written that one member of the class of 1929 is accomplishing great good in this

world by alleviating suffering. Behold! Edward Ackerman, a world-famous baby doctor.

The doctor needs the nurse's help. It is written that Elizabeth Boynton has given her life to waiting on the sick.

It is written as I unroll further that bill-boards, sign-posts and newspapers are filled with advertising matter about the world's most famous (guitarist). Hear him in concert—behold! Cecil Durham.

The guitarist needs an accompanist, Frances Fishburne your wonderful high school musician, plays the accompaniments for Cecil Durham. Not only does she play for Cecil, but plays for big theatres.

Margaret Easterlin is a great nerve doctor. She is doing one of the greatest works known.

I see that it is written in 1950 that one of your classmates is to be the national commissioner of Boy Scouts of America, see Pete Crosby as he works with this, the greatest organization for boys.

As I read further it is written that in the Hull House of Chicago a new worker is found. Edith Linder is noted for her kindness to the poor in the slums. She is truly a second Jane Adams.

The new Editor of the News and Courier has been appointed for South Carolina's greatest daily newspaper. See Isadore Bogoslow, January 1, 1944.

The business world has called several of your classmates—Willie Mae Hudson and Helene Rivers are stenographers, secretaries and bookkeepers.

Since man cannot live without eating we find Jessie Blocker a tea room manager.

It is further written that one of your classmates could not avoid Cupid's arrow. Eudelle Bowen is a bride.

The girls of your class seem to be taking part in business readily. For Miss Edith Carter has just been elected senator for South Carolina; Miss Eliza Sloman is congress-woman for her district.

Unrolling further I read that Miss Pernelle Hiott is Demonstration agent for Colleton county. She is doing a very successful work.

Can this be real? Your classmate, Pearl Cohen, is a teacher of psychology in Columbia University.

Business does not seem to hold all of the young ladies, though, for Leona Mixon is cooking three meals a day for a very delighted husband; he is very proud of her, for her ability in cooking is known to everyone.

It is written further that Haskell Padgett is a great scientist.

Dorothy Stroman has not forgotten the worth of a smile. She is the owner of one of the widest known hospitals in Russia. The peace treaty of war has just been signed and there are those who have to be ministered unto. Her encouraging smile has saved many.

A heart of gold;
A treasure smile;
Belongs to the woman
With a purpose worthwhile.

Robert Breeland is the owner of a large chewing gum factory. Miss Gladys Tuten is the stenographer.

Helen Jacobs is a great composer of music. Her latest piece is "Winged Horses." Italy has proclaimed her the greatest of musicians.

A happy home is that of Uldean Kinsey's. She knows what real happiness is. Her two children are the pride, light and life of her.

It is written that the school room called a member of the Class of 1929, and Mary Butler responded. She has rendered a great service to Charleston High School by being its efficient teacher of the first grade.

As I read further it is written that Louise Reynolds has become one of the world's famous poets. Although Shakespeare is classed as best among English and Milton second, Louise has third place. There is no doubt in the minds of the people for determining third place.

The financial world has need of trained men. Behold! James Hiers president of First National Bank, Columbia, S. C. Carl Still is Vice President and Rendell Linder as cashier.

Again, I read of the success of another of your pupils. Your former classmate, Jean Wichman as a world famous artist. She has painted many masterpieces. One of which is "The Voice of The Imps."

Reading further I find that a great center has been centered in St. Louis, Gladys Linder is the great designer; she is now designing a gown for the world-famous soprano, Ella Mae Beach, who is to appear in concert soon.

Eulalie Guess is a great toe dancer. She entertains the whole world with her dancing. She is just leaving the theatre.

As I unroll further I see another great actress. But this time it is a member of Zeigfield's Follies.

Edith Price is one of the most beautiful women in America. She has a profile fit for a queen.

I read further that Irvin Thomas is a millionaire. He has all that a heart can desire, except a wife. Nevertheless, he is a happy old bachelor and has kept away from women.

Kafer Godwin and Eula Lee Hudson have become partners in a great beauty culture establishment. They like their business fine. Kafer is now giving Eula Lee a treatment for the hair.

Can this be true? Listen! The all-American Football team has just become the proud owner of a new captain. That captain is James Ward! The greatest football player known!

Another one of your classmates has achieved a great success—Charles Marvin, the great architect. His plans for the construction of a great tower have been proclaimed perfect!

Mary Lena Gilliland is in Australia. She is working for the interest of the women there. Soon they will have a part in the government. Mary Lena is doing a great work.

Reading further I find that Inez Glover is teaching a new and interesting course in music.

As I read further it is written that America has another great baseball "fan"—a second "Babe Ruth." See Clarence Thomas.

We see Alvin Skardon as one of South Carolina's greatest statesmen.

As I read further it is written that the most perfect formed bathing beauty in South Carolina is Ruth Frank.

And, last, I read that your classmate, Helen Beach, is still single. She is a typical old maid with corkscrew curls. She still pulls daisy petals and repeats, "He loves me; he loves me not; he loves me, etc." Her pastimes are knitting and trying to catch her a husband. She has been successful in the first. But no advancement has ever been made in the latter.

JEAN WICHMAN, Class Lawyer.

BACCALAUREATE SERMON

Dr. D. M. Douglas, President of the University of South Carolina, delivered the Baccalaureate Sermon Sunday, May 26. His talk was both inspirational and interesting. He selected the seventeenth chapter of St. John, using the following verse: "I have glorified Thee on earth; I have finished the work which Thou gavest Me to do."

Each year one church of the town selects the speaker for the sermon to the graduating class of Walterboro High School. This year the Presbyterians had this honor. Dr. Douglas is a speaker of merit and the people of Walterboro are indeed gratified in having him speak to them.

The Seniors received new inspiration from his splendid address; and it is felt that they will profit by his advice. The graduating class feel that it is only on the threshold of greater things; and if it has finished successfully thus far the work that has been given to it, this will make a firm background for the greater tasks it must meet later on, and that in the end of life each one can say with St. John, "I have finished the work Thou gavest me to do."

CLASS DAY

At five o'clock P. M., May 29th, 1929, the first class day exercises in the history of the Walterboro High School was held. The entire Junior class carried the wonderful daisy chain, which they had woven with so much care and skill. They sang their class song as they marched and also sang some songs to the onlooking seniors.

Next the senior class gave their class day play, "The World Outside," in which was woven class songs, poems, history, will and prophecy. The class historian in her intercourse with Old Father Time prevailed upon him to turn back the veil of time and reveal the history of the class. This he obediently did, starting from the beginning of their high school days. As those who had starred on the athletic field were mentioned they appeared for a moment in their ancient, battle-scarred uniforms, and the thrills of bygone games lived again for a moment, then faded back into the tender land of memory.

A large dirigible in the shape of a huge diploma was lowered and the class mascot, representing "New Life," stepped to the front of the stage with a message, which was read by the class prophet. The diploma was unfolded and the class prophecy read by Father Time, as each person was mentioned they appeared in the background dressed as the characters the future was supposed to hold in store for them.

The class lawyer then read the last will and testament. All the outgoing class as-

sembled on the stage and with sadness and heavy hearts sang their beautiful farewell ode.

"Dear class, dear friends,
We hate to say farewell;
Every heart is heavy today,
The world outside on this our class is calling,
And our class is going away.

The juniors then picked up the daisy chain and the seniors marched slowly out, singing for the last time as pupils their beloved Alma Mater.

GRADUATION EXERCISES

On Wednesday, May 29, the Commencement Day exercises for the Walterboro High School were held. The Senior Class has accomplished many things, and has made the parents and school proud of it. The program was very full due to the various subjects, including the many awards.

Mr. Hope, State Superintendent of Education, delivered a very excellent address. It is felt that not only the Seniors, but also the public who heard this splendid speech, will profit by it and practice some of the suggestions.

This was a night for every Senior to remember forever. Some may think that a high school career is very easy to accomplish; but those who have graduated realize all the hardships one has to overcome, and all the effort one has to exert before reaching the winning goal. After a student has advanced this much, it is truly a great period in his life; but it is only a stepping stone to the higher and nobler experiences of succeeding years.

The Seniors presented a very pleasing spectacle as they marched down the aisle of the grammar school auditorium in their caps and gowns. They fulfilled their title of Seniors, as they were very dignified and serious. They must have realized that this was the changing point in their lives when they must decide for the future.

Many prizes were awarded, which showed that the students of Walterboro High School had taken an interest in the essay contests and other prizes offered to them each year. The Citizenship Medal is one which the winner should be proud of, as it is one of the highest honors awarded to a high school student. The tennis medals were also given. Athletics must always be a main feature in high school work. The merit letters, honor certificates and attendance certificates were presented.

Mr. Ward awarded the diplomas to the seniors, who seemed to be very anxious for them; but deep in their hearts there must have been a heartache when leaving their dear old high school never to return to it as active members.

WILDCATS HAVE SUCCESSFUL FOOTBALL SEASON

The Wildcats made an enviable record in football this year. Out of the eleven games that they played they won 7, lost 3, and tied one. They have scored 86 more points than the combined total of their opponents, making 168 points to their opponents' 82.

The Wildcats have made a percentage of .700, which is a very good record. During the last seven games the Wildcats did not lose a game, having won 6 and tied one. The Wildcats lost only one district game to Summerville, while they won five from Brunson, North Charleston, St. Paul, Beaufort and Smoaks. Below is a complete record of the games and the results:

Wildcats.		Opponents.
0	----- Ehrhardt -----	20
6	----- Porter -----	24
32	----- Brunson -----	0
0	----- Summerville -----	12
25	----- North Charleston -----	6
12	----- St. Paul -----	7
0	----- Ridgeland -----	0
21	----- Beaufort -----	7
39	----- St. George -----	0
20	----- Smoaks -----	6
13	----- Allendale -----	0

EHRHARDT

The Wildcats lost their first game to the heavy Ehrhardt team 20 to 0. Hiers, the big Ehrhardt fullback, played very good ball. For the Wildcats Blocker was the star. Captain Thomas, John Hiers and Durham played well.

PORTER

The strong Porter team defeated the Wildcats in their second game 24 to 6, at Charleston. John Hiers, Breland, Captain Thomas and Ward starred for the Wildcats.

BRUNSON

The Wildcats ran away with Brunson 32 to 0 in the first close season game. Ward, Thomas, Blocker and Risher shone for W. H. S.

SUMMERVILLE

The Wildcats lost to Summerville in a hard-fought and interesting game, 12 to 0.

In the next seven games the Wildcats won six and tied one, ending a very successful season.

Blocker, the plucky fullback, was chosen captain for next year's team.

Line-up: L. E., Crosby; L. T., Breland; L. G., Thomas (c); C., Durham; R. G., Cummings and Lucas; R. T., Hiers, John Hiers, James; R. E., Walter; A. B., Ward; R. B., Still; L. B., Risher; F. B., Blocker.

Those mentioned above received letters. The following received numerals: Breland, B.; Drawdy, Kiser, Smith, Towles, Thomas 2, Griffin, Valentine, Skardon and Price.

The following is a list of those making points on football team:

Ward, 85; Blocker, 44; Still, 24; Risher, 7; Walter, 6; Crosby, 1; offside (after touchdown), 1. Total, 168.

The Wildcats will lose seven regulars this year: Captain Thomas, Ward, Still, Breland, Thomas, Hiers, Durham and Crosby.

BASEBALL

The Wildcats closed their baseball season with a great deal of success. They won the championship of their section of the district finals.

A summary of the games are as follows: The Wildcats won five games from Smoaks, dropping one to them, they split in two, two game series with Hampton and St. George; lost two to Porter, one to North Charleston, and defeated Yemassee.

Only two regulars will graduate this year, Marvin, the flashy second baseman, and Still, centerfielder, and relief pitcher.

The pitching duties fell to Towles, H., and Kinsey. Both have made good at this job. They alternate as pitchers and right fielders. Kinsey is the leading hitter and has shown up very good during the season. Towles is also an excellent hitter, ranking third. You can't say too much for his pitching, for he deserves all that can be said.

"Billy Walter" again did the majority of catching this year, and has done his share towards the team's success. Walter is the team's leading base stealer. Drawdy is the relief catcher, who does his share of hard work with success.

At first base there was Cummings always ready to do his share of the talking.

At second Marvin has been one of the stars of the season. This little second baseman certainly can cover the ground, and has hardly ever let a ball go by him.

Towles, F., at shortstop is one of the leading hitters of the season, ranking second.

Blocker at third base has covered his corner with success.

In the leftfield there was Thompson always ready to nab the flies that came his way.

BASKETBALL

The Wildcats' hard-working basketball team of '28-'29 has made a good showing. It went to the district finals, and lost only two other games, winning six.

The first-string-team was composed of the following: Forwards, Herbert Towles and Carl Still; center, Austin Sauls; and guards, Towles, Fred, and Adolph Walters. Herbert Towles, the captain, has done very good work. He is fast, dribbles well, and shoots excellently. Still, the other forward, has also played fine. "Lanky" Sauls at center has aided the team immensely on account of his height. Towles, F., has starred at his position of running guard. Water at standing guard has guarded his goal with much care.

The substitutes who have played in a few of the games are: Derrick, Blocker, Ackerman and Thompson.

The Wildcats have played a total of ten games, winning seven and losing three for a percentage of .700.

The tournament games were as follows: The Wildcats lost to Meggetts, 42 to 15, and defeated them, 10 to 12. The Wildcats defeated St. George High twice, once by the score of 41 to 17, and the St. George All-Stars once. They broke even in a two-headed series with Hampton, defeating them at home 33 to 8. In the final game the Wildcats defeated the Cathedral High School team of Charleston 27 to 13. In the tournament the Wildcats won their first game from Berkeley High School, 48 to 13. In the finals, however, they lost to the strong Meggetts team, 42 to 12.

The basketball team of '29 has a record to be proud of.

GIRLS' BASKETBALL TEAM

Are we discouraged? Well, I guess not! Although the girls' basketball team did not win first place in the district, they made a very good showing. They played the game from first to last, and stood for square play in every game. The schedule was a hard one, but the team played every game with credit.

Miss Brawley, our faithful coach, was largely responsible for the team's success.

Line-up: Captain, Keith Jefferies; manager, Sara Rainey; forward, Ruthie Frank; forward, Harriett Howell; jump center, Arline Castein; side center, Miriam Anderson and Jane Shaffer; guard, Margaret Easterlin; guard, Keith Jefferies.

Substitutes: Forward, Elizabeth Smoak; forward, Genevieve Skardon; jump center, Maxine Walker.

DEBATING TEAM GOES TO COLUMBIA

W. H. S. is very proud of her debating team. Especially so is the Senior Class. Why? Because three of the honorable debators are seniors.

The query of the debate was: "Resolved, That South Carolina Should Abolish Free Scholarships." The affirmative was upheld by Lambert Tindall and Mary Lena Gilliland; and the negative by Isadore Bogoslow and Alvin Skardon, who were members of last year's team.

First the team went to St. George to meet Ridgeville, the only opposing team in this district. They came back with flying colors and a trip to Columbia to be in the State Meet which was to be held the first week in April.

Then the team, accompanied by Mr. Ward, made the journey to Columbia. The affirmative met and was defeated by Bailey Military Institute.

The negative team did better. They advanced to the semi-finals, but was defeated by Conway.

Walterboro High School has sent debating teams to Columbia for three consecutive years now and each time they made a better showing than before. Next year we expect the contestants to bring the coveted cup back with them!

FLAG CONTEST

Walterboro High School had its first flag contest last month. Each contestant had to answer seventy-five questions concerning the flag, and write an essay on "Old Glory." A medal was awarded the boy and the girl making the highest score. The winner of the girl's medal was Elizabeth Boynton, and Alvin Skardon, Jr., won the boy's medal. Both of the winners are seniors. Certificates of honorable mention were given to Leona Boyd, Jane Shaffer, Sherwood Price, and George Cohen. Twenty-seven students entered the contest.

The judges for the girls were: Miss Katherine DeTreville, Mrs. H. M. Kinsey, and Mrs. Carn Fishburne. For the boys: Supt. W. H. Ward, Mr. J. M. Moorer and the Rev. Henry Rankin.

This contest is national in scope. The winning papers will be sent to Atlanta, the regional headquarters, where they will be compared with papers from other schools in this region. The winners in Atlanta go to Washington to compete with other regional winners. The national prize is a trip around the world.

Walterboro had "Flag Night" on the evening of May 2nd. Those who had made the highest grades on the questions recited their essays to determine the local winners. While the judges were out Mr. M. P. Howell delivered an address which was enjoyed by everyone present. After the decision of the judges was announced the exercises were closed with the sounding of "taps" by P. H. Starr.

BOOK CLUB ESSAY PRIZE

The annual prize offered by the Walterboro Book Club for the best essay written by the pupils of W. H. S., was awarded this year for the best essay written on Michelangelo. The contest requirements were stiffer this year than ever before. Ten pupils had to write essays before the contest became official. Each essay was to have one thousand words and was to be written at the school house without any notes under the supervision of some of the Book Club ladies.

The contestants were: Jane Shaffer, Ruth Frank, Mary Butler, Helen Jacobs, Katherine Fishburne, Harriett Howell, Genevieve Skardon, Alvin Skardon, and Pearl Cohen.

The winner, _____, was presented with a handsome bust of Michelangelo on graduation night.

Although all of these contestants could not win the prize each one has profited by their study of this great artist's life and works, and no one could ever regret having spent time and thought on it—winner or loser.

MERIT LETTER SYSTEM

Walterboro High School is ever inspiring the pupils toward every phase of improvement. Yet somehow one is always inspired more keenly if there be a definite goal, a visible prize to be gained. This year such a prize has been offered in the shape of an attractive Merit Letter. To deserve one of these letters the pupils must develop physically, mentally, socially and morally. These four points embrace every phase of school and outside activity. Seventy points under each head must be won in order to reach the score which entitles one to the Merit Letter.

The Merit Letters are designed in the form of a triangle. There is a wildcat's head in the center with the letters W. H. S. arranged at the three corners. They are of yellow felt on a black ground.

Winning one of these badges is the greatest honor that can come into one's life at the Walterboro Hi. After this year, for each semester that a pupil wins the required points a bar will be added to the badge.

The Merit Letter badge is also offered to the pupils of the Walterboro Grammar School on the same basis but with fewer requirements.

ORATORICALS

W. H. S. is proud of her achievements for this year. The debating team won out in this district and went to Columbia where the negative won the honor of being the second best negative in the state. In the district oratorical meet Walterboro won second place.

In the elimination contest four of our well-known readers, namely, Ella Mae Beach, Jane Shaffer, Helen Beach and Mary Lena Gilliland, took part. The readings were excellent and the judges, after much discussion, finally decided in favor of Jane Shaffer.

Miss Shaffer went to North Charleston, where the meet was being held and won second place, losing first because she ran over her allotted time a few minutes. The subject of her reading was "Bobby Shafto."

We are proud of these boys and girls who have shown such ability and school spirit in representing us in these and other contests. We are sure of their success in life.

MAY FESTIVAL

On May 6 the first May Day Pageant of Walterboro High School was given. The stage was beautifully set in the cedar grove back of the High School building. The Queen's throne, which was draped in white, had as a background and cover a huge live oak tree. The May Pole was placed to the right of the throne.

The Grecian Maidens give a dance of pity and consolation for Ceres.
