the

LAIR

Mary Alice,

Even though all of us have talked about graduation, I never realized it would be so soon. We have been friends so long that I really can't think of what it would be like for it not to be that way. So I hope that even though I am going off next year the absence won't make any difference. 'Cause I would like to think of our friendship in the term "always" and not in just weeks, months or years. We sho have had some crazy times together and I plan to have many more. Writing this is just like everything else you want to be so perfect and yet you can't think of the words to express your feelings. So I hope that since you do know me so well, you can try to understand what I mean. I am not asking you to come to see me next year because I feel that it understood that you have to come up there and we will have the good time as usual. Instead of this being the end let's make this just the beginning of many happy together as friends.

Love you Gal,
Lisa

COUNCIL

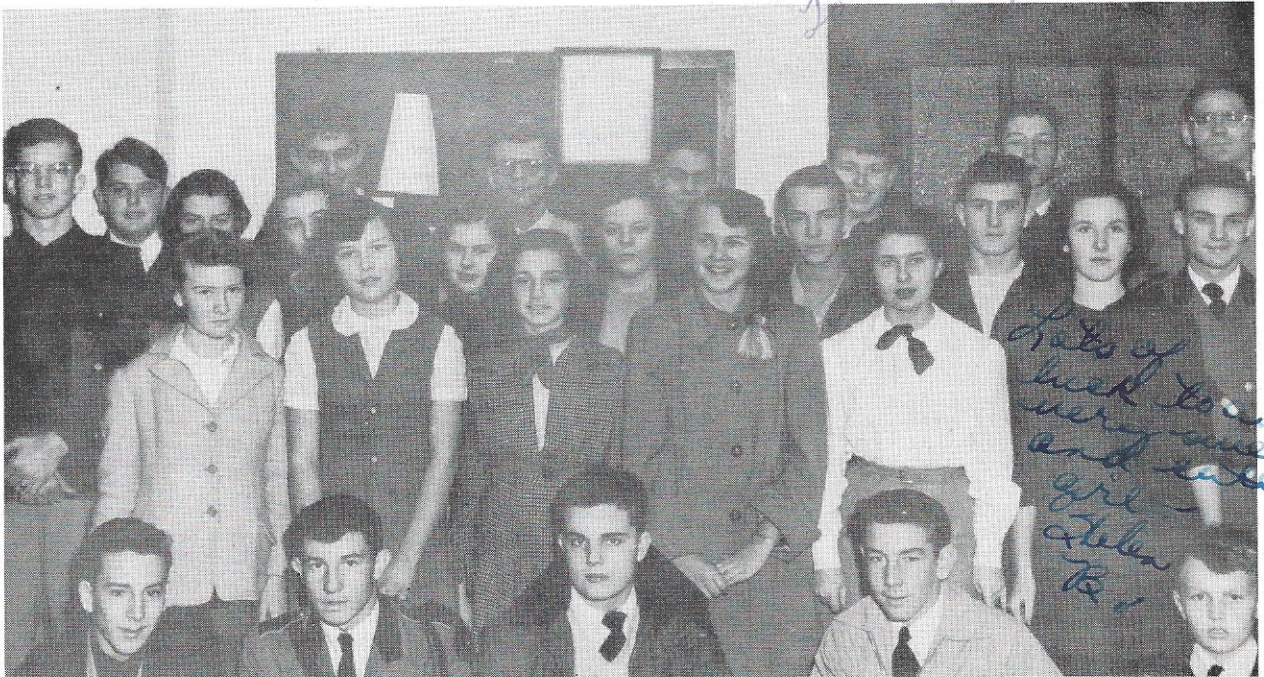

The aim of the Student Council of Walterboro High School is "to establish a . . . democratic student government, to instill the high ideals of good citizenship, and to provide for the general improvement of the school . . ." Co-operation is the motto.

Two members of the Student Council are appointed for each six weeks period to raise and lower the flag for the school day. The Council also has a part in managing the concession stand at the basketball games. They sponsor school dances and participate in the Spring Rally of the First Congressional District of Student Councils.

May Alice,

I hope you have the best of luck next year with everything and everybody, I know you will. In the year to come I know you will still look as good as you do now, but don't put on any more weight, please! You look fine now. You'll have to come to a few dances at Carolina next year and we'll let it all hang out. It's sure been nice having you around.

With the best of luck,
With all my love,
"Abbie"
