

Language began the first time sounds were used to convey ideas. Its growth and development since then is one of man's greatest achievements. English is a living thing, changing with the years.

English at WHS changed this year as the students in advanced classes were required to do summer reading.

Literature, grammar, vocabulary, spelling, parallel reading, and research reports help the student receive a well rounded knowledge of the English language.

In addition to college preparatory English, Practical English and Business English are offered at WHS.

Mrs. Mary Frances Parker is the head of the English Department.

"I wish Shakespeare had never been born!"
