

## Foreign Languages

The Foreign Language Department of WHS offers students an unlimited opportunity, not only to improve grammar and punctuation, but also to broaden the horizon of cultural understanding through the knowledge of foreign customs and ideas.

Courses in Latin, French, and Spanish are taught. This year the students were given the opportunity to expand their knowledge of Latin in a Latin III class. The Language Clubs of WHS also enliven students' interests and promote understanding.

Mrs. Mary Frances Parker is the head of this department.
