

Our new gym.

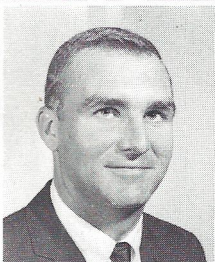

Physical Education

Mr. Robert Strock

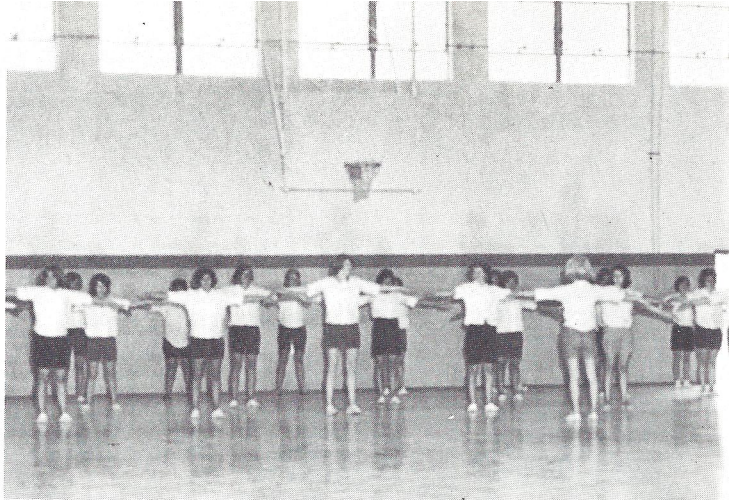

Mr. Mike Lindley

Mr. Wyman Carter

Mrs. Vera Neal

"Good for the waistline. "

The dream of the Physical Education Department finally came true this year with the new gym. It is literally "a thing of beauty," and students and faculty are proud of it.

Aware of the importance of physical fitness for the future citizens of America, the Physical Education department's goals of agility, strength, skill, endurance, and good sportsmanship are sought through a program of P. E. classes and intramural games as well as in the more glamorous interscholastic sports.

Mr. Bob Strock heads this department at Walterboro High School.

"Hold tight, Dottie!"
