Risher, K. Crosby, J. Ulmer, J. B. Butler, J. Spell, D. McGeever, D. Langdale, L. Evans, L. Kinard.

Some T & I members enjoy mechanical drawing.

T and I

The T&I Club provides an opportunity for students interested in industrial and mechanical experience for the home, school, and community. The members design useful projects from wood, metal, leather and synthetics. They learn to operate safely power machinery which adds speed, accuracy, and a professional touch to their finished work.
