

The "Flame of Spirit" for the year 1968-1969 dims and is recorded in the history of Walterboro High School. Even though this year in the life of our school is ending, there are many memories that will live on and help the life of Walterboro High to grow and expand even further. We have seen many advancements and improvements in our school, and we know bigger and better programs in academics, sports, and building are soon to come.

Even at its peak our "Flame of Spirit" was no more than the total of all the individual enthusiasm at WHS. The school community - students and faculty alike - made this year great because of their confidence and love they have for this school. Although we cannot take with us every memory - we all can take one spark of our "Flame of Spirit" - to spread and share with all those we meet. And in the future - it may be this "spark" which enables us to bring people together for another flame of love, courage, and honor.
