## Track

Girls' track, a young sport at W.H.S., is still new to many students. Yet through their determination and will to succeed, our girls' track team has come a long way under the direction of Coach Marsha Hass. The season ended with the sending of four girls to the Junior Olympics in Knoxville, Tennessee.

With added experience, the W.H.S. Girls' Track Team is looking forward to an even more promising season next year.
