

Junior Future Homemakers of Tomorrow

The goal of the Junior F.H.A. is to develop creative leadership in home and community by helping youth comprehend the problems of society and contribute to their solutions, and to promote appreciation of the art of homemaking with a clear consciousness of seeking old and precious values. It aims to improve home and family life and to promote international good will by strengthening bonds within the family and between the family and community. Finally, the Junior F.H.A. leads and guides today's young girls to maturity and responsible citizenship.

The state projects of the Junior F.H.A. are a scrapbook and a yearbook. Among the local projects are giving a Thanksgiving basket, entertaining the class for retarded children, and aiding the Good Cheer Club.

Is Cindy always this serious when she presides?
