

Around the World We Search for Peace

The chief concern of the International Relations Club is to enrich the students' interest in and knowledge of the events of today's rapidly changing world. During the course of the year members participate in debates and discussions concerning the latest world affairs.

To the delight of all students of Walterboro High the International Relations Club sponsors a "Slob Day." The proceeds go toward two scholarships awarded by the club to deserving seniors.

International Relations members debate problems of the world.
