Dedication

Mrs. Betty Jane Brown

For us, the Seniors, these four years have passed quickly, and we realize that after we are gone, a new class will step into our place and become your first concern. But, we like to think because of all we have shared with you, that we will always occupy one small corner of your heart.

You have given us so much; you laughed when we laughed, cried when we cried, worked when we worked, played when we played. You gave so freely of your advice and understanding, and you gave so unselfishly of your own time.

Because of all of this, and because we love you — the class of Super Seventy takes pride in dedicating this LAIR to you—

Mrs. Betty Jane Brown

Discovery

... is many things!
It's liking people
Who like you—
Discovery is having friends.

It's seeing someone you've
known for years
for the very first time.
Discovery is becoming aware.

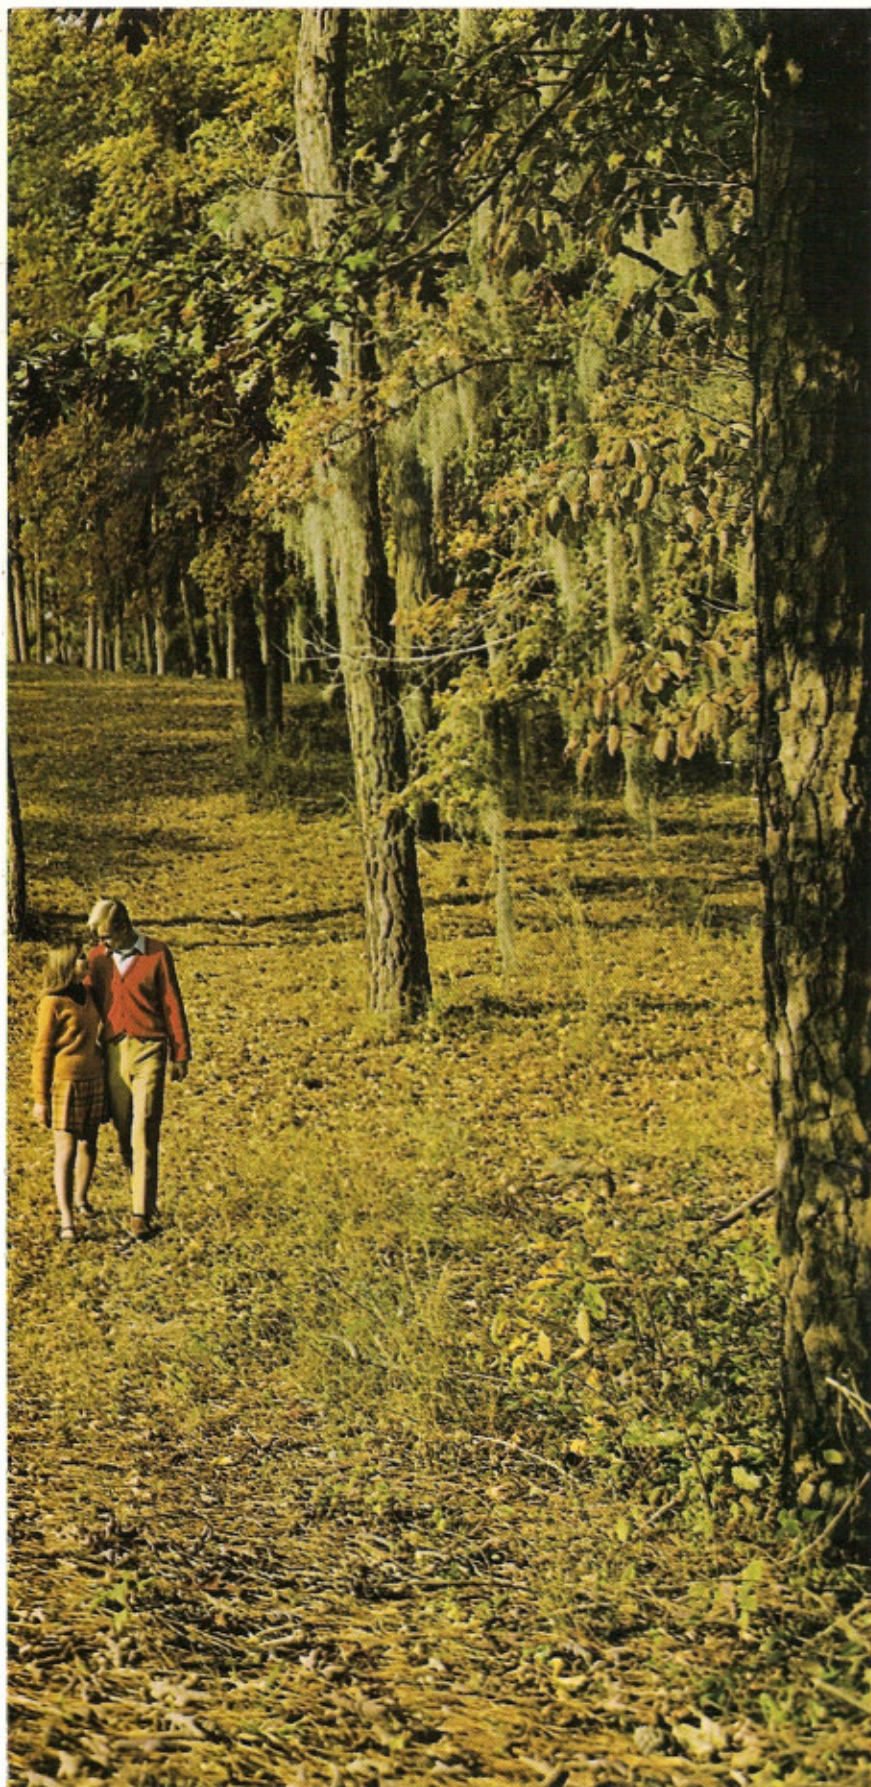

It's finding harmony
in the discord
of a hundred people speaking.
Discovery is listening.

It's finding that knowledge
for it's own sake
is worthwhile.
Discovery is learning.

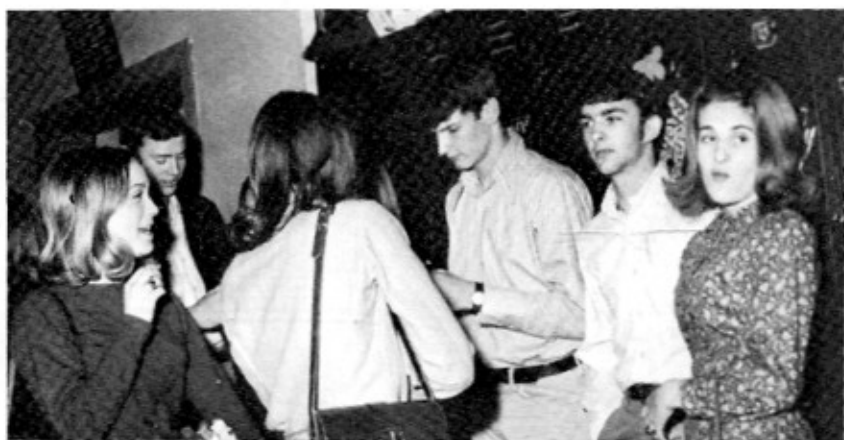

It's finding youth in the soul
of every man and woman
of every age.
Discovery is being alive.

It's learning that being yourself
is more important
than trying to be anyone else.
Discovery is being young.

Discovery is Being!!!

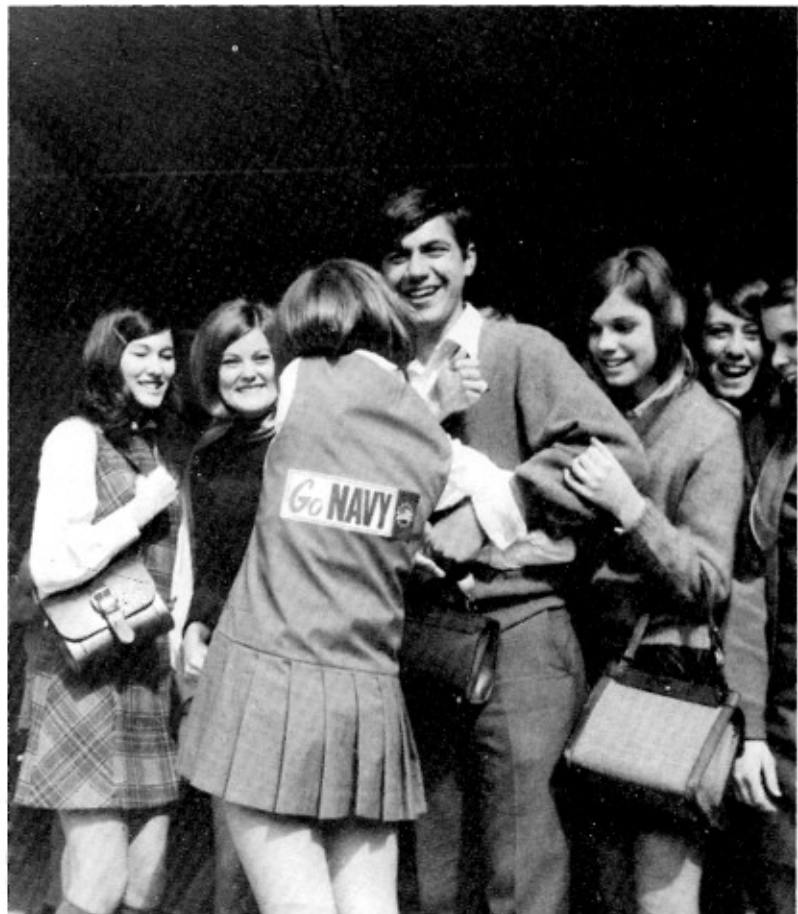

Discovery Is Being

Varsity Football 1969 - 1970

Football at WHS for the 1969-70 season proved to be the "Shining light" in the athletic department. Engineered by the football wizardry of new head coach Dick Covington and his competent staff, this year's team enjoyed one of the most successful seasons ever, sporting an impressive record of 7-2-1.

The most punishing setback to this year's team was not delivered by a gridiron foe, but was dealt by the hand of Fate. Injuries struck many key players, such as Danny Litchfield, Jerry Davis, David Hayden, Jack Jones, Earl Sanders, and Frank Kinsey. Yet the Cat's still managed to have a winning season.

Much of the Wildcats success was due to the hard work put in during the long hot days of summer and during football camp.

This year's team was not without its individual stars, however, as it placed five players on the All-Conference team and five on the All-District team — more than any other squad. It was also fortunate in having Tony Breland selected for the Shrine Bowl and Jimmy Williamson selected to both All-Conference teams.

Right The Walking Wounded stand on the sidelines to shout encouragement and give advice to their teammates on the field.

Junior Varsity Football

The Walterboro High J.V. football team posted an excellent 5-2 record this year for a winning season. The J.V. boys get experience in ball handling and football techniques so as to be better prepared to play on the Varsity. Many of this year's J.V.'s will be contributing their talents to the Varsity next year.

Varsity Basketball

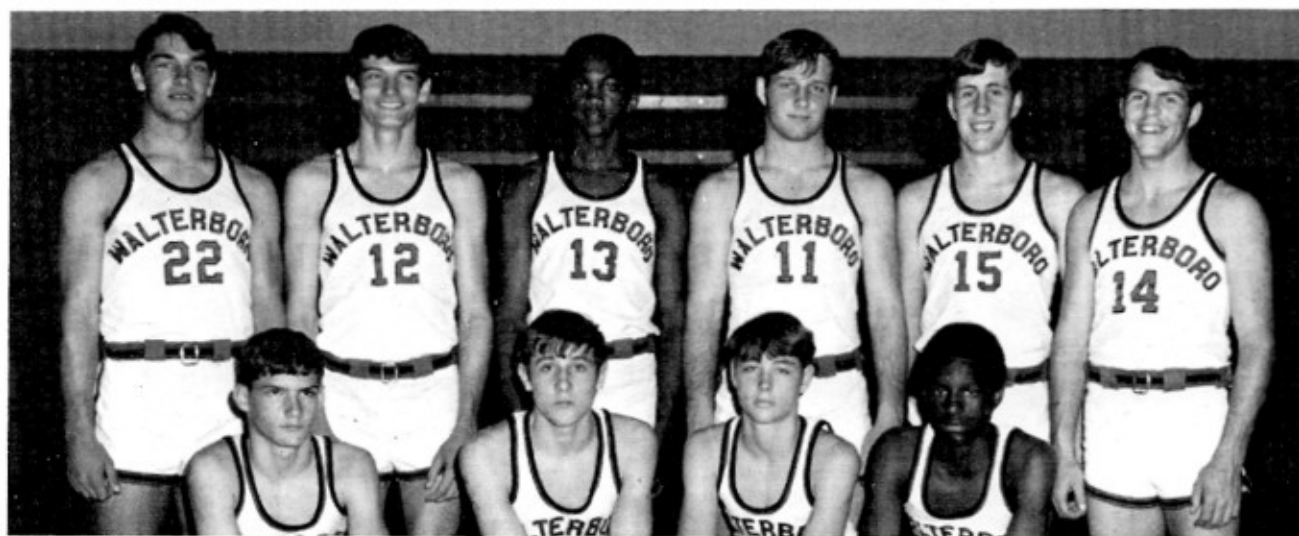

The Wildcat basketball team has had a successful season this year with two of last year's starters, David Hayden and Ronny Reid, back this year. Also, the talent of newcomers Jerry Davis and Don Lee, who both moved from out of state, has helped the Wildcats. The team's good playing is a result of hard practice and teamwork. Under the direction of Coach Humphreys, the Wildcats have given the fans some exciting moments.

Varsity Basketball

The Walterboro High School Girls' Basketball team faced a long, hard season against some of the toughest teams ever to play a girls' Wildcat team. Just as the scoreboard does not always tell the story of the game; neither does the year's game record always tell the story of the team. So it goes for the Wildcat girls. The team worked hard in practice and played with the desire to win in the true Wildcat spirit—even when things got rough.

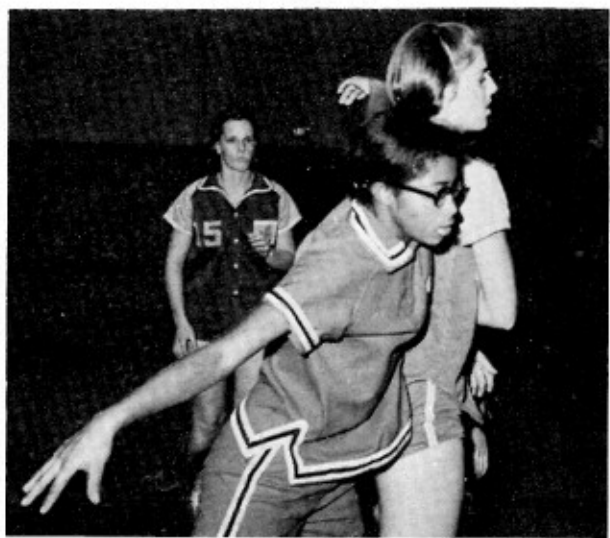

Because of its action, girls' basketball is still growing in popularity at W.H.S. Composed largely of younger players, the team, under the coaching of Coach Sigman, is looking forward to a promising future. The Wildcat girls ended the season on a happy note by having Debby Griffith selected to the All-Conference Team.

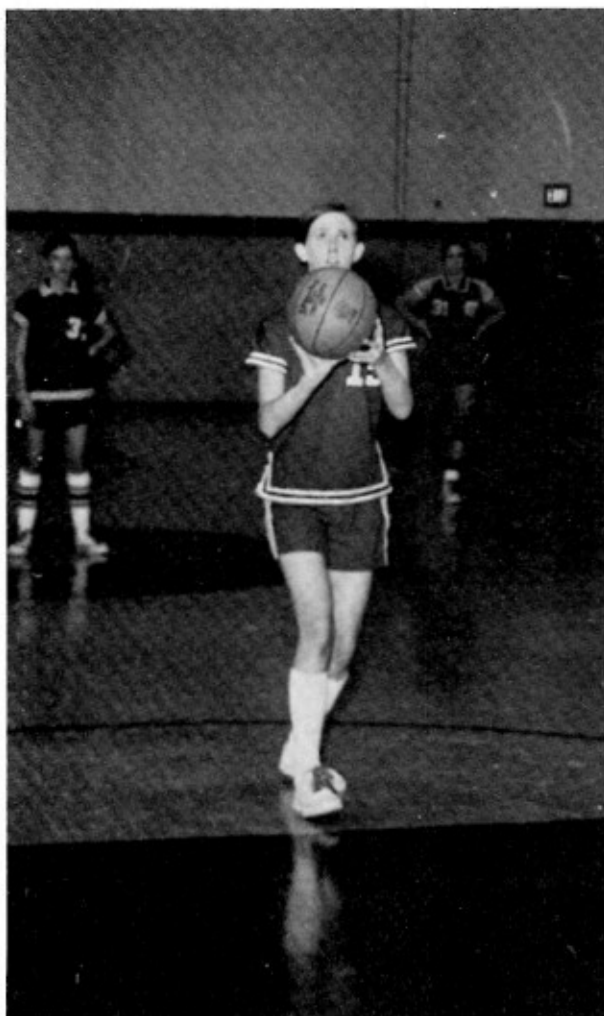

That, Debby, is what we call a basketball.

Junior

Varsity Basketball

Junior Varsity Basketball is a stepping stone to the Varsity level and several J.V. boys saw Varsity action this year. There was promising talent on the team this year and this will go toward making a stronger Varsity team next year.

Junior Varsity Basketball

The Walterboro High J.V.'s carried the spirit of the WilCats throughout the season. Coach Marsha Hass led her girls' through a season of hard work, rewarded with a good record. Although sometimes overlooked, our girls' J.V. team is an important part of W.H.S. The team looks forward to next year for an even better season.

Track

Track is a thrilling sport at Walterboro High and many people turn out to watch the meets. Much determination and hard work are required for the competition is keen. Each season many records are set and broken. This is what makes track the exciting sport it is.

Track

Girls' track, a young sport at W.H.S., is still new to many students. Yet through their determination and will to succeed, our girls' track team has come a long way under the direction of Coach Marsha Hass. The season ended with the sending of four girls to the Junior Olympics in Knoxville, Tennessee.

With added experience, the W.H.S. Girls' Track Team is looking forward to an even more promising season next year.

Golf

Golf is the newest addition to the athletic department at W.H.S. Practice started in February and the meets with other high schools in this area were held in March and April. Mr. Jack Carter was a great help to the teams and Coach Covington was the sponsor.

Baseball

The baseball season at Walterboro High started even before basketball season was over. The baseball team practiced hard every afternoon toward making the season a winning one. Their games occurred twice a week, with each one a thriller. The Walterboro High baseball team made itself an important part of the Athletic Association through team work and devotion. The Cats were coached by our new coach, Mike Sigman.

Organizations

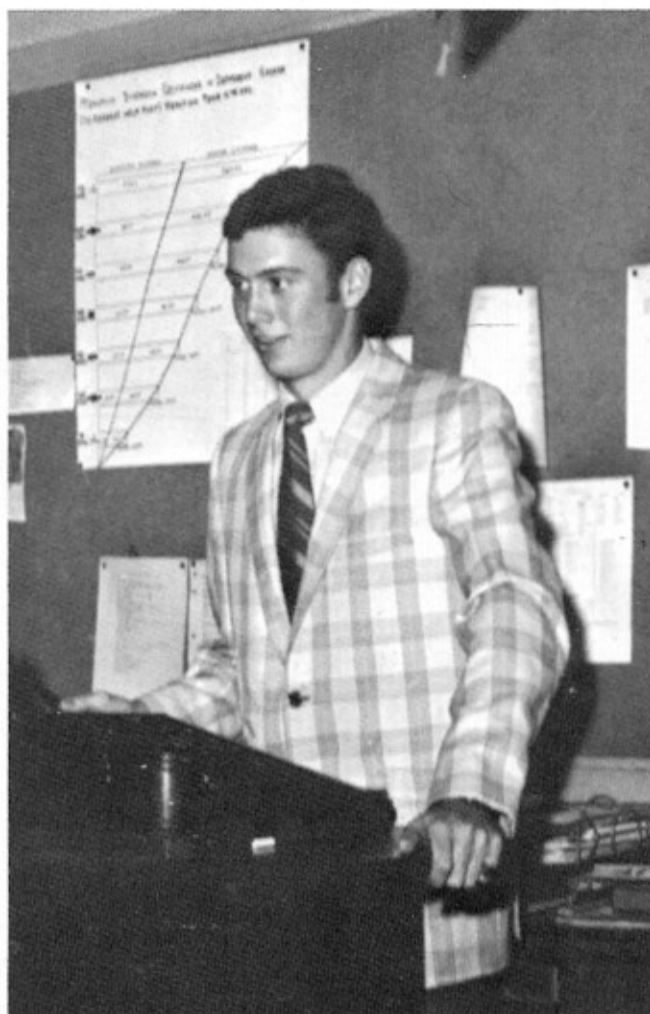

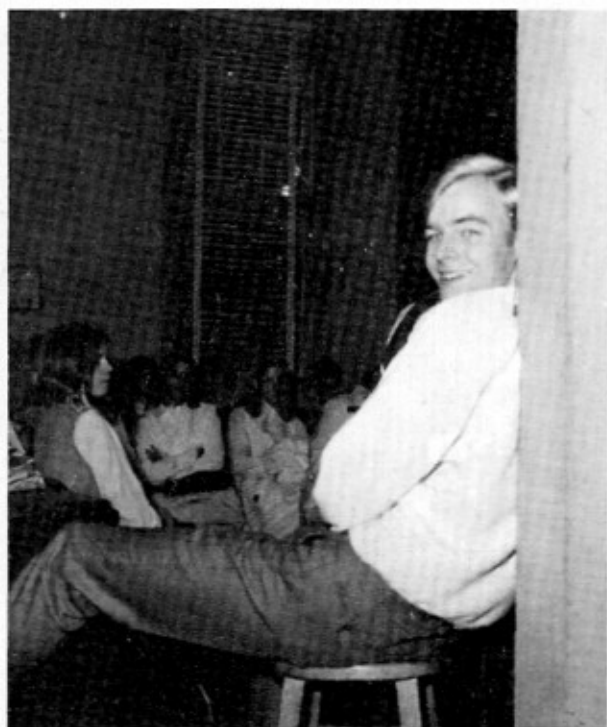

Student Council Prepares America's Future Citizens

The Student Council is an important part of our school organization. It contributes significantly to the attainment of the school's educational objectives. Its primary purpose is to provide experience in good citizenship and to offer a program that gives students an opportunity to participate in democratic living. The Student Council is designed to encourage student involvement in the affairs of the school. As it's projects, the Student Council sponsors the Queen of Hearts Contest, all elections, and various other contributions.

The Lair Staff Records 1970

The Annual Staff has labored all year long to record the events which have taken place. Senior Work Day, held in November, provided entertainment for Seniors and funds for the staff.

The production of the annual begins in early summer with a training camp for the Editor and Photographer. The entire staff did tentative layouts, and in September these were finalized into a complete layout. Since that time, the staff has worked to make this annual an accurate record of the events and people who made up W.H.S. in 1970.

The Wildcat Staff Deserves Pulitzer Prize

The Wildcat, the school newspaper, is published by the journalism class. It is one of the means by which the individuals of the student body are able to express their ideas to the school by writing letters to the editor or by writing editorials. The paper is a source of news for the student body. It attempts to present a full report on all the happenings around the school. In addition, the paper has a light, humorous side as it tells all the latest gossip and jokes.

Finally the Wildcat gives the members of the journalism class a chance to see how a paper is published and to learn the art of writing for a paper.

“Sing, Sing, A Song . . .”

The W.H.S. Chorus is a very important part of our school life. As a course in the educational curriculum, it offers the opportunity to learn musical fundamentals and to apply these into the discipline of a well-rounded school life. Also it provides the chance to expand one's appreciation of music and related arts.

The enthusiastic spirit of the Glee Club is particularly shown in its two annual productions. The Christmas concert with its combination of religious and secular songs always enhances our local holiday mood and provides festive entertainment. Toward the end of the school year the entire community anxiously awaits the Spring concert. Its theme and content are always a pleasant surprise.

The members of the W.H.S. Chorus enjoy the hard work that goes into the daily sessions and especially their public performances. It is hoped that this choral participation may prove to be a distinctive contribution to the happiness, and mental and spiritual elevation of students who will go out to fill the needs of their communities.

The Marching Wildcats

This year the Walterboro High School Band had a total membership of 56 (40 playing members, 5 majorettes, 9 color guard) and was the only band in the state with twin drum majorettes. Even though 20 of the 40 playing members were from the Junior High School the band competed successfully with other high school bands at the marching band contests held in Orangeburg and Columbia.

In the Orangeburg contest the Marching "Wildcat" Band finished a strong fourth, coming only two points within placing third. In the State Marching Contest in Columbia the band received an excellent rating in marching and playing, an outstanding showing considering that the Walterboro Band did not begin work until the first week of school.

During the fall the band performed at 9 Walterboro football games, 4 pep rallies, and 4 Christmas parades. For the first time a "pep" band played at Walterboro basketball games.

In the spring many band students participated in the Edisto Clinic Band and the Coastal Carolina Clinic Band. Several students also participated in the All-State Band held annually at Furman University. Also in the spring the band presented its annual spring concert and performed at graduation exercises.

Leadership, Service, Scholarship, and Character

No honor or responsibility conferred by the school excels that represented by the National Honor Society.

The National Honor Society looks upon education as a total product measured by the four qualifications of scholarship, leadership, service, and character.

To bear forward the searching light of truth, to lead that others may follow in the light, to keep burning in our school a high ambition for the enduring values of life, and to serve — these are the purposes of the National Honor Society.

Biological Sciences Are Investigated

The purposes of the Biology Club are to organize students interested in biology so that they may pursue the study of biology outside the regular classroom and to inform the membership of current biological discoveries so that they may be better prepared for college biology course.

The Walterboro High School Biology Club had several projects during the year and were active participants in the March of Dimes. They were entertained by many guest speakers.

In December the Biology Club sent six representatives to the Teenage Workshop at the University of South Carolina. Sponsored by the physical education department of the University and by the South Carolina Heart Association, the workshop concerned the connection of diet, exercise, and smoking to heart disease.

Distributive Education Studies and Participates

The Distributive Education Club is composed of those students enrolled in the Distributive Education Program. It is a program of instruction in merchandising, marketing, and management. Distributive Education is carried on under the supervision of the school board and the school administration with the help and cooperation of the local business community. It offers vocational training in marketing and merchandising goods and services leading to occupations in: retailing, risk bearing, advertising, financing, wholesaling, storing, transportation, and manufacturing.

Some of the activities of the DE Club were initiation, marketing survey, officer training at Cherry Grove, district meeting and eliminations, a car bash, the State Leadership Conference, and the National Leadership Conference.

A Clean Body, Spirit, and Mind

The call to competition had sounded once again in our school as the coaches issued the challenge to get into action. There has been issued another call to competition — the call to compete in the "great race of faith."

It is the desire of the Fellowship of Christian Athletes to display the important role Christ plays in athletics. We are the disciples and have chosen to run the great race for faith. The F.C.A. members are representatives for Christ on and off the field of competition.

"Run the great race of faith and take hold of eternal life. For to this you were called." — 1 Timothy 6:12 (New English Bible).

“Ici On Parle Francais”

Students in the French Club plan various projects and programs, giving themselves the opportunity to enjoy many features of language that is not possible during class time. The purposes of the French Club are to arouse interest in the cultural background of France, to supply a practical tool of communication in French, and to open passageways to lingual vocations between French and English.

Is this our future French Ambassador?

Working Towards Tomorrow's Business World

Membership in the Future Business Leaders of America indicates an interest not only in preparing for employment in the field of business, but also in experiences that strengthen and develop the individual. Belonging to FBLA is an honor that carries responsibilities as well as privileges.

The FBLA of Walterboro High School, sponsored by Mrs. Smith, undertook two main projects this year. They made money by selling Tom-wat kits, to give a scholarship to a student who plans to continue his or her education in business. They are also had service projects, including preparing and carrying food baskets to needy families at Thanksgiving and Christmas.

The Science of Modern Agriculture

The Future Farmers of America, sponsored by Mr. Dempsey, is a volunteer organization of boys studying vocational agriculture at Walterboro High School. It is designed to supplement the regular instruction by providing opportunities for training in leadership. Vocational education in agriculture is an integral part of our school program. Its function is to educate students in the science of modern agriculture. The training is designed to qualify students in a specific area.

The projects of the Future Farmers of America this year were a calendar sale, a candy sale, and shop projects, including making equipment.

Are our Future Farmers taking or selling the candy?

Senior Future Homemakers of Tomorrow

The Senior F.H.A. Chapter members work diligently to develop desirable traits of leadership, because as future homemakers, they are a vital force in the making of our future.

The Senior F.H.A. received a special award for participation in all state activities and received an excellent rating on each of its state projects — their scrapbook, yearbook, dress, home experience, electrical project, and record book.

Other activities of the Senior F.H.A. were Christmas and Thanksgiving baskets, the mother-daughter banquet during F.H.A. week, an educational trip, selecting a delegate to the State F.H.A. Convention, and selecting a Miss F.H.A.

Happy Birthday to the senior member.

Junior Future Homemakers of Tomorrow

The goal of the Junior F.H.A. is to develop creative leadership in home and community by helping youth comprehend the problems of society and contribute to their solutions, and to promote appreciation of the art of homemaking with a clear consciousness of seeking old and precious values. It aims to improve home and family life and to promote international good will by strengthening bonds within the family and between the family and community. Finally, the Junior F.H.A. leads and guides today's young girls to maturity and responsible citizenship.

The state projects of the Junior F.H.A. are a scrapbook and a yearbook. Among the local projects are giving a Thanksgiving basket, entertaining the class for retarded children, and aiding the Good Cheer Club.

Future Teachers - Tomorrow's Educators

The Future Teachers of America of Walterboro High School are united with the aim of being exposed to the advantages and disadvantages of the teaching profession.

Members of F.T.A. enjoy working as teachers aides and sponsoring Teacher Appreciation Day. The senior members have the opportunity to visit other schools to observe teaching techniques.

Special projects included working in the concession stands at Junior Varsity football games and holding the annual talent show. Proceeds go toward a scholarship for a worthy senior.

This year the president of the Walterboro chapter was appointed Director of District 1, and in January the District 1 meeting was held in Walterboro.

History Club Explores Yesterday

The History Club took pride in having organized in the year 1969-1970 during the Tricentennial celebration of the founding of South Carolina.

Emphasis this year, commemorating this great event centered around local Colleton and South Carolina histories.

Through club activities members have become more aware of South Carolina's great heritage. Some of these activities included actual excavations, cleaning up historical sites, a library display, and local club trips.

These are our future politicians.

Around the World We Search for Peace

The chief concern of the International Relations Club is to enrich the students' interest in and knowledge of the events of today's rapidly changing world. During the course of the year members participate in debates and discussions concerning the latest world affairs.

To the delight of all students of Walterboro High the International Relations Club sponsors a "Slob Day." The proceeds go toward two scholarships awarded by the club to deserving seniors.

International Relations members debate problems of the world.

Reading Is Knowledge

The main objectives of the Library Club are to acquaint students with library services, resources, and procedures; to create wider interest in good books and reading; and to provide an opportunity for the development of leadership.

Library Club members assist with circulation, writing overdue notices, and publicity.

The Library Club annual projects consisted of giving a food basket to a needy family, improving the library, and going on a trip to Charleston or Columbia.

"Libraries are the wardrobes of literature, whence men, properly informed, may bring forth something for ornament, much for curiosity, and more for use."

Pep Club Arouses School Spirit

Striving to inject pep and spirit into the student body of W.H.S. and to inspire the Wildcats themselves is the aim of the Pep Club and cheerleaders. Pep Club members worked long and hard hours painting the clever signs and planning the inspiring pep rallies which led to the victories of the team. Nor even anticipation of the Summerville game could crush their spirit as their original signs showed fans the way to the mighty Wildcats' performance.

Everybody for Walterboro — Stand up and Holler!!

Projection Club - Mechanical Wizards

The Projection Club was developed to aid its members in sharing responsibilities of equipment and materials. It offers an opportunity to its members to benefit from the teaching material they project and from various class discussions. The members learn to run projectors and in turn are able to run them for their teachers.

One of the outside activities of the Projection Club was a field trip.

Members are selected on the basis of mechanical ability and interest.

Science Club Helps NASA Go to the Moon.

The Walterboro Science Club is composed of those students who are taking or have taken chemistry and physics and have maintained a three point zero average. The Walterboro chapter works in affiliation with the Junior Engineering Technical Society (JETS).

In cooperation with its sponsor, Mrs. Margaret Lytchfield, the Science Club attended state JETS's conventions and toured modern industrial plants. All year the club worked for their tour of Oak Ridge and the National Aeronautics and Space Administration (NASA). They held car washes and other money-making projects for this purpose.

The aim of the Science Club is to introduce interested students to the world of engineering and technology. It is the hope of the club that a clearer understanding to today's science will insure a better tomorrow for mankind.

“Aqui” se habla espanol”

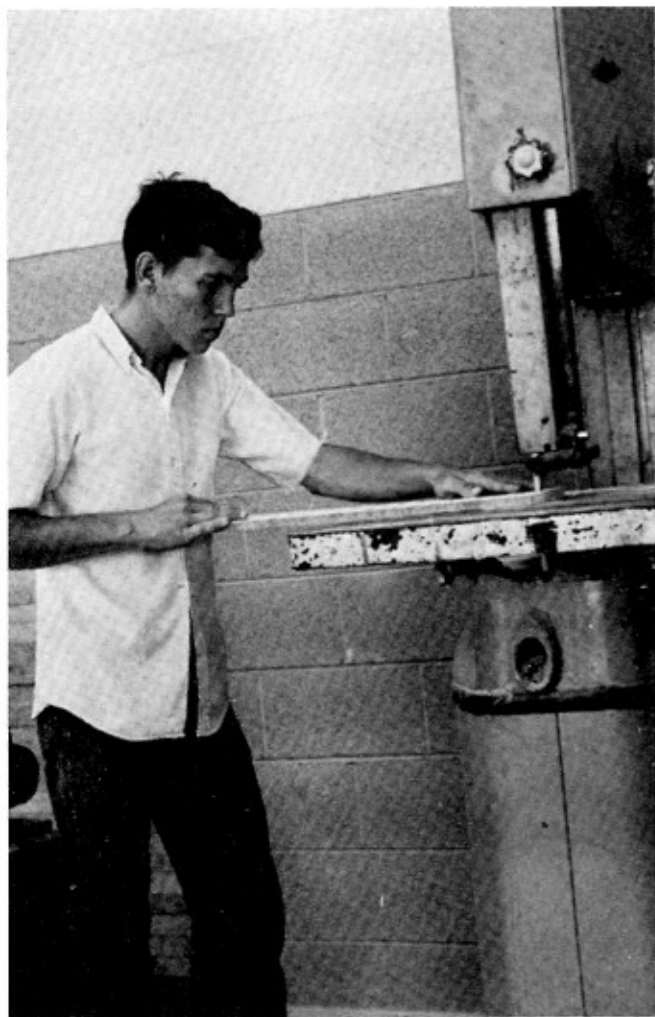

The Spanish Club of Walterboro High School was newly organized this year under the direction of their advisor, Mrs. Rebecca C. Ware. The club adopted the name “Piez Dos Dos” (Room Two-Two-Eight) and the purposes of studying the cultural heritage of the Spanish-speaking countries and of practicing some of their customs. The favorite custom was the breaking of piñatas, which the club joyously observed at every opportunity.

At Christmas the club observed “Las Pasadas,” the Spanish custom that on the nine nights before Christmas the Spanish children are entertained by different families in their neighborhoods.

T & I Continues to Grow with Our School.

The main objectives of the T & I Club are to prepare the students for life in a democracy, to make them increasingly self-directive, to teach cooperation, to increase the interests of the students in the school, to foster sentiments of law and order, and to develop special abilities through exploration, vocational training, business training, and recognition of various interests and ambitions.

The T & I Club began its activities with the initiation of new members. It traveled to Charleston and to vocational schools, held its annual steak supper, and showed projects at the State Teachers' Conference. The club had a money-making and a civic project.

Super "70" Makes History

SENIOR HISTORY

Left to right: Paul Weissenstein, Vice-President; Debby Griffith, Treasurer; Jimmy Gardner, President; Meg Godwin, Secretary.

The Year: 1966

The Place: Walterboro High School

The Time: 8:45 A. M.

The People: The Class of 1970

That was it—the momentous occasion when the Class of '70 took that first giant step toward graduation. As Freshmen, we quickly learned that our inherited position was that of the "lowest of the low," but we were too busy really to care. Adjusting to schedules, finding classrooms, adapting to new and strange subjects seemed to take all of our time, but we enjoyed it. It seemed to give us a new status to be able to say, "I go to Walterboro High School."

Before we had time to realize it, our Freshman year was gone and our Sophomore year had arrived. We found that, with one year's experience under our belts, our position was raised slightly. Now we were the "lowly" and could look with pitying superiority upon the new Freshmen. With cake sales and car washes we began the task of earning money for our Junior-Senior of the next year. And, with NEDT's, the long barrage of tests that would last for the next three years began.

Junior year was here and we were halfway to our goal. The word was money and we worked constantly to make more and more for

Junior-Senior. Concession stands, Halloween Carnival, and the Junior Class play all came and passed, and our bank account grew. Then April arrived, and everyone worked feverishly to make our Junior-Senior the best ever; and we succeeded. We brought to life a lovely legend, and for one night Camelot was reborn.

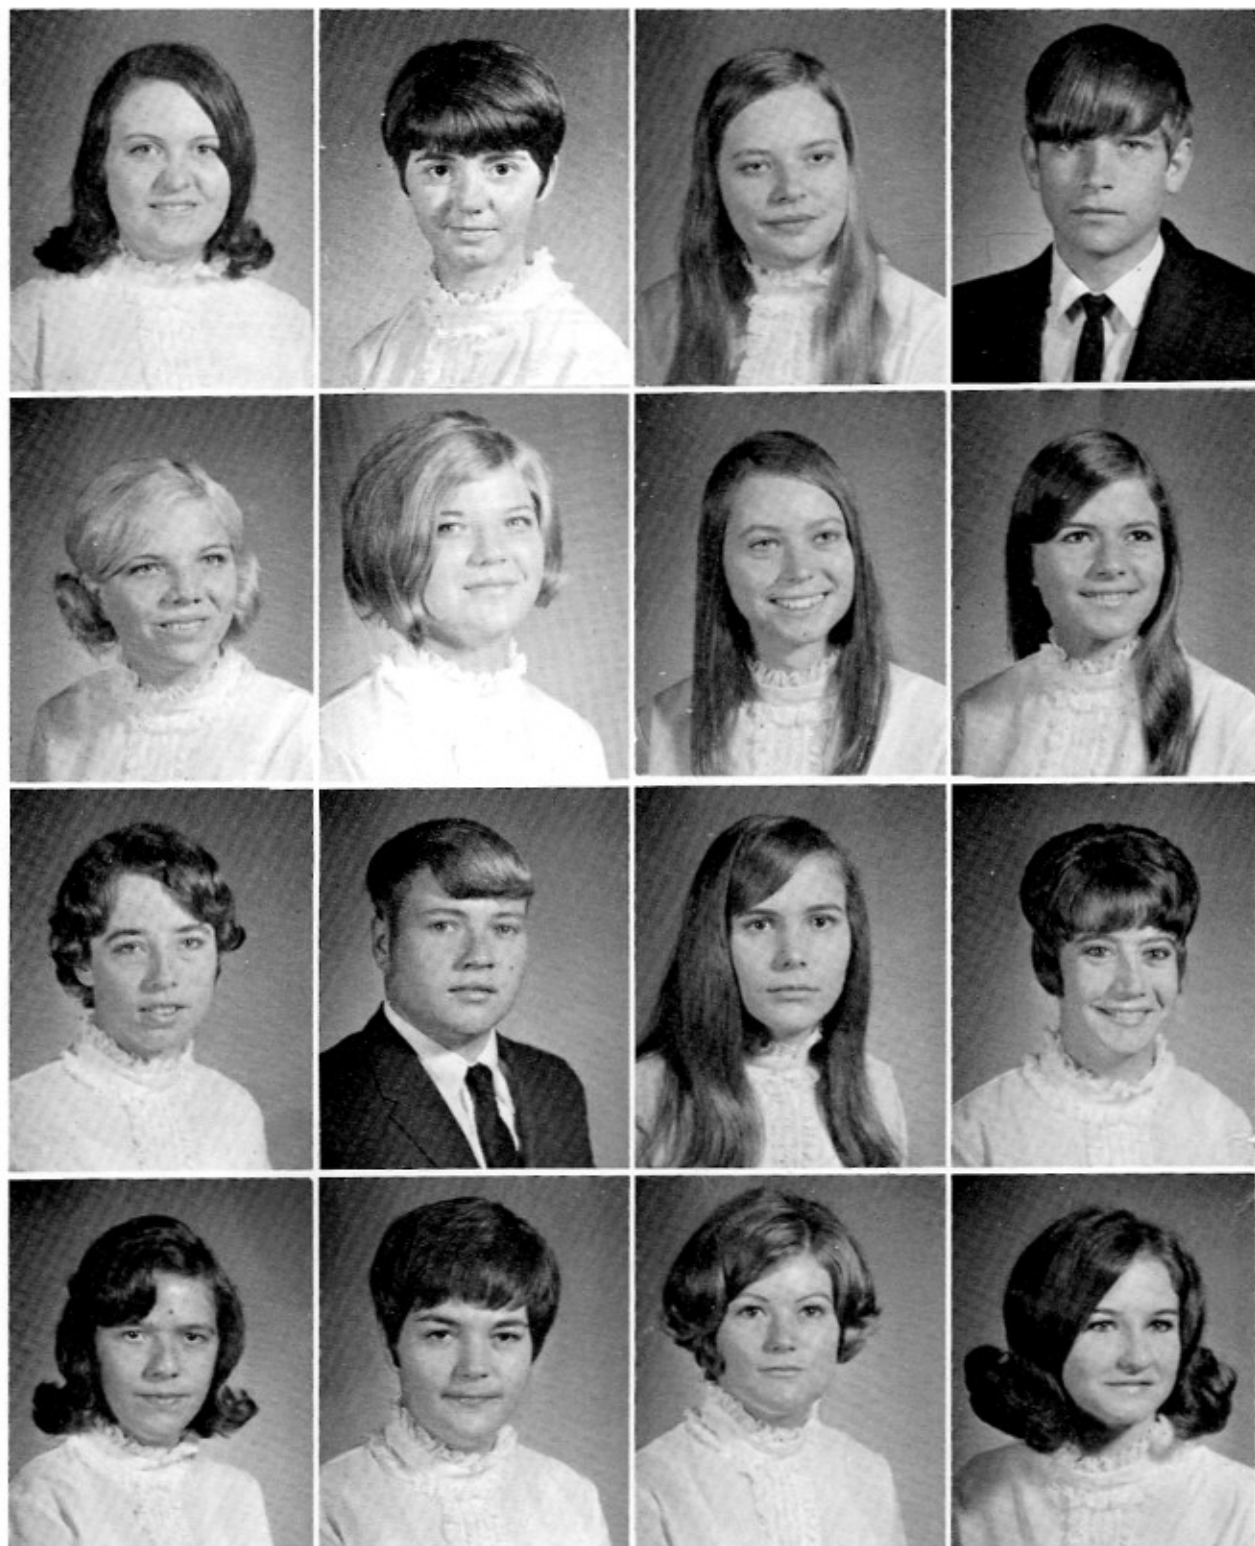

Senior year at last! After three years of anticipation, we were *number one*. It was hard to comprehend at first, but not for long. Graduation invitations and robes had to be ordered early and doing this brought home the reality of graduation, only eight months away.

Through the haze of work and fun, we have watched our graduation draw steadily nearer, and now it is almost upon us. Soon, we shall leave Walterboro High School, and it will be a sad occasion, for, in spite of our frequent gripes and complaints, we have come to love the "ole" place.

WHS has prepared us as best she could for our roles in life, and now the rest is up to us. But she has given us more than just "book learning"; she has led us to many discoveries about ourselves, about others, and about life.

We are ready, and with this belief in mind, we say, "Good-bye, WHS."

A Year Is Ended

and We Have Discovered

... A new decade. Like all things finite, this year has drawn to an end. But, like love, friendship and courage never ends. Our discoveries did not begin or end with this year. They began when we were born and will continue until we die. What we have achieved is an awareness of what we see and what we hear and of the people around us; an ability to see through the surface to the truth that lies beneath. Within the covers of this book is a record of that achievement and of our successes, our failures, our dreams, fostered and nourished at W.H.S.

Each one came and fused with every other individual, and together we made up a living spirit that brought these brick buildings to life and made Walterboro High a force to be reckoned with and respected — and most of all, loved. The love that has grown in us for our school will not die with our departure, but will forever remain in our hearts, keeping us warm. But even greater, it will enable us to extend warmth, friendship, and love to those we meet in the years to come.

And that is the greatest Discovery of all.
