

## *Preparing for the Business World*

The FBLA of Walterboro High School, sponsored by Mrs. Smith, is a club that carries responsibilities as well as privileges. Membership in the Future Business Leaders of America indicates interest not only in preparing for employment in the business field, but also experiences that strengthen and develop the individual.

The club has projects the members work very hard on. During Thanksgiving and Christmas, the FBLA Club has a service project. This includes preparing and carrying food baskets to many needy families.
