

Track Adds Spirit and Enthusiasm to School Year.

Beginning with the Greeks many centuries ago, track has become an ever-expanding sport. Track players since the beginning of the sport have displayed outstanding physical ability. This year the Walterboro High School track team is no exception.

The track meets are very exciting and have varied entertainment consisting of: the discus throwing, pole-vaulting, relays, hurdles, high jump, broad jump, and the shot put.

This year under the direction of Coach Williams, our track team is planning to break old records and set new ones. The ambition to do this makes track the action sport it is.

Try - Struggle - Strain.

Got to Run Faster, Boys!

Jump A Little Higher, Bobby!
