

# With a Song in Their Hearts

The Walterboro High School Chorus adds much spirit and excitement to everyday school life. Chorus members learn to sing a variety of songs, from classical Beethoven to modern Bacharach. All the members are also required to learn the fundamentals of music that are necessary for a good chorus.

The chorus participates in many events throughout the school year. They participated in the City Christmas tree-lighting ceremony at City Hall and present their annual Christmas program. The highlight of the year, however, is in the Spring when they present their annual Spring concert to their school and community.

Mrs. Dorothy Mae Buckner, Director

Julie Simons, Student Director
