

# Varsity Boys Perform with Style

The 1971-72 basketball season began with a lot of spirit, heart, pride and desire; nevertheless, somewhere along the way, the Bulldogs lost these needed qualities. The season came to an end with a record that was not on the bottom, but just a little too far from the top.

Many exciting games were played during the season in which many Bulldogs set individual conference records. The season did not end with the title, "State Champs", but we do believe that we are champs in the following ways: Good Sportsmanship, Cooperation and Courtesy, and Good Character and Responsibility.
