# Vocational School

The growing minds of eager workers need training to fill the jobs provided by the growing industries in our state. Experience and dependability are encouraged or required for assuming well-paid, rewarding jobs.

These requirements are met through the studies at the Colleton Area Vocational Center. Students are offered courses in office occupation, food services, electronics, auto mechanics, farm mechanics, carpentry, masonry, welding, and machine shop.

## Seniors 1971 - 1972

We are standing at the threshold to another world,  
We are waiting to enter and begin adult life,  
While we wait, our thoughts wander back in time.  
Meek and unsure, we had entered the past era of adolescence,  
And then began the climb in rank while adjusting to our  
responsibilities and positions.  
The web of life grew more complex and entangling,  
We searched for a way to enrich and simplify this web  
with our advancing knowledge.  
We knew the world would become ours, ours to improve  
or to destroy.  
Only we could make that decision.  
Now we have arrived at a rendez-vous with this decision.  
Our courage must be brought forth,  
And we must march on to make this world a better place.

## Government of the Students,

The successful student council is an active student council. It promotes worthwhile activities throughout the school year, encourages students to express their opinions, to request changes in an orderly manner and to exercise the rights and responsibilities of citizenship. It is constantly working to improve the school.

The student council at Walterboro High School is such an organization. Its devoted leaders work incessantly to give the student body an active voice in school activities and in the solutions to the problems.

Ron Russell accepts the office of the presidency of student council.

Pictures . . . copy . . . layouts . . . deadlines . . . Senior Work Day . . . Excitement on delivery . . . The students that subscribed to the 1972 PAW PRINT little realized what putting out an annual involved.

The work for the 1971-72 PAW PRINT began when the editor and photographer attended a summer workshop at Furman University. Returning with many ideas and instructions, the annual staff began compiling an annual that would depict life at WHS.

With the guidance and encouragement of Mrs. Skardon, the annual staff has tried to successfully focus the student's attention on the activities of the past school year.

# Band Adds Music and Pep to School Activities

The 1971-72 school year was a year of continued improvement and success for the Walterboro High School Band, as it appeared throughout the state performing at football games, band contests, parades and concerts. Wearing brand new uniforms, the band appeared before over 100,000 people and brought honor and recognition to itself and to the school.

During the fall, the marching band enjoyed its greatest success in many years winning trophies at the Coastal Carolina Marching Festival and the Southern States Band Festival.

The concert band and jazz ensemble presented its annual "Pops" Concert in February and its Spring concert in May. Several outstanding band members were selected to the Coastal District All-State Band and the All-State Band.

# With a Song in Their Hearts

The Walterboro High School Chorus adds much spirit and excitement to everyday school life. Chorus members learn to sing a variety of songs, from classical Beethoven to modern Bacharach. All the members are also required to learn the fundamentals of music that are necessary for a good chorus.

The chorus participates in many events throughout the school year. They participated in the City Christmas tree-lighting ceremony at City Hall and present their annual Christmas program. The highlight of the year, however, is in the Spring when they present their annual Spring concert to their school and community.

# Leadership, Character, Scholarship and Service

Leadership, Character, Scholarship, and Service — these outstanding qualities are portrayed by the students who are qualified National Honor Society members. Their hard work in school is rewarded with the honor of membership in this organization. These students must be willing to set excellent examples in behavior and attitude for their fellow students; and in order to maintain their membership, they must continue to show the qualities of leadership, character, scholarship, and service.

The selected students are also given certain responsibilities with their membership. They must strive to improve their school and their community by performing any service that they can to help or guide others.

# Letting the World in on WHS Activities

The Broadcasting Club is a charter member of the South Carolina Scholastic Broadcasting Association. Its purpose is to promote the field of broadcasting within the school, in order to provide not only another enjoyable activity, but also the impetus to undergo further training in this field.

Its activities include the planning and production of a weekly radio show, which relays to the public the happenings at Walterboro High School. This radio program plays an important role in advancing school media.

## Searches for the Real Thing

History Club members dig into the "real" thing — Indian artifacts, graveyards, (bottles, that is) early Colonial hardware, broadax hewn beams, and many other things. And, why not a trip to St. Augustine to visit the oldest school house? Enthusiasm is popping over the possible reconstruction of the Temple of Sports (formerly erected by Col. Barnard Elliott who was chosen to read the Declaration of Independence under the Liberty Tree in Charleston in 1776) — Deadline date is 1976!!

# Spirit to Pursue - Spirit to Accept Defeat

# Bulldogs Knew the Joy of Winning - the Agony of Defeat

The Walterboro High Bulldogs started the season with a young and inexperienced team. Although they lost many close games in the beginning, they refused to give up and continued to improve throughout the season.

The Bulldogs tied a tough Berkeley team in the next to last game and won their last game 14-0 over Goose Creek. They finished with a 2-7-1 record for the season.

The improvement shown over the season and a victory in their last game paves the way for next season as 25 lettermen will be returning.

Varsity Football Coaches: Gerald Price, Fred Bradley, Head Coach, Robert Williams, and John Ewing.

Bulldogs charge onto the field with determination to win Homecoming game.

# Varsity Boys Perform with Style

The 1971-72 basketball season began with a lot of spirit, heart, pride and desire; nevertheless, somewhere along the way, the Bulldogs lost these needed qualities. The season came to an end with a record that was not on the bottom, but just a little too far from the top.

Many exciting games were played during the season in which many Bulldogs set individual conference records. The season did not end with the title, "State Champs", but we do believe that we are champs in the following ways: Good Sportsmanship, Cooperation and Courtesy, and Good Character and Responsibility.

Boys' Basketball Team

# Cooperation and Team Spirit Dominate the Season

Throughout the entire season, the girls basketball team, under the direction of Coach Fred Bradley, has displayed its desire to win. Long, hard practices and complete devotion to the game itself have made the 1971-1972 girls basketball season a good one. The girls played against some tough opponents but always came through. Sometimes the score doesn't always tell the whole story of the game and this was the case with our girls a couple of times. No matter what the outcome of the game — win or lose — our girls basketball team has kept their Bulldog spirit.

# Junior Cheerleaders Keep Bulldogs Howling

Gail Peters, Teresa Bright, Ann Moylan, Suzanne Stivender, Karen Lewis, and Jennifer Peters, Head Cheerleader.

# Action - Timing - Determination - Practice

The track team has again this year displayed a tremendous amount of physical ability and the scores of the meets have proven this. All the members of the team, coached by Coach Gerald Price, have spent much of their time in order to form a winning team. Timing, practice, and determination have been the main factors in achieving this goal.

Every year this sport gains more fans and plays an important part in the school's athletic program.

# Hits - Runs - Errors

This year the Bulldog baseball team coached by Coach Bob Williams has provided an immeasurable amount of entertainment for the students of Wal-terboro High School. The season got off to a good start with an unusual number of boys trying out for the team. Due to this, every position was filled with the best player. Many new faces seen on the field this year have proved to be just what the team needed.

Each member has contributed to the team by always doing his best — whether at practice or in a game. This hard work has paid off by making this season one to remember.

When the tread mill of school life winds down, when the final cheer is stilled in a sob, when the events of a year have halted, does it mean the end?

Or does it signal a beginning?

Tomorrow relentlessly dawns on us all. Just what does the Focus of this light reveal for you?

We, the PAW PRINT staff of 1972, hope that we have put into proper focus the happenings of our school year. We have tried to capture the most treasured pictures and put them on paper to bring back your 1971-72 memories in years to come.

The PAW PRINT was made possible through the hard work and consideration of many people - our patrons, faculty, students, staff, and advisor - To them our deepest gratitude.
