

# The Bulldog Staff

Mrs. Manigo's second period Journalism class, the Bulldog Staff, tries to inform the student body of all the latest news in and around the school in every edition of the school newspaper. The staff also tries to bring humor and entertainment to the paper. This is accomplished through editorials, special articles, and other items of amusement.

The Bulldog Staff puts much hard work into every edition of **The Bulldog**. Articles must be written and typed, the pictures must be drawn, and the copy must be laid out and sent to the press for publication. The student body is asked to express themselves through the suggestion box.
