

Singing Adds Enjoyment to Life

The purpose of Chorus is to add a unique type of spirit to school life.

The chorus members at Walterboro and Colleton join together to present two concerts a year. The one at Christmas is a gift to our school and community. The other is the fund-raising spring concert. There is much time and hard work put into this program, but the pride of doing a good job is worth the effort.

The spirit and excitement which the Walterboro High School Chorus brings to our school is quite an asset in our day to day work.
