

“¿Que tal?”

“Ca va?”

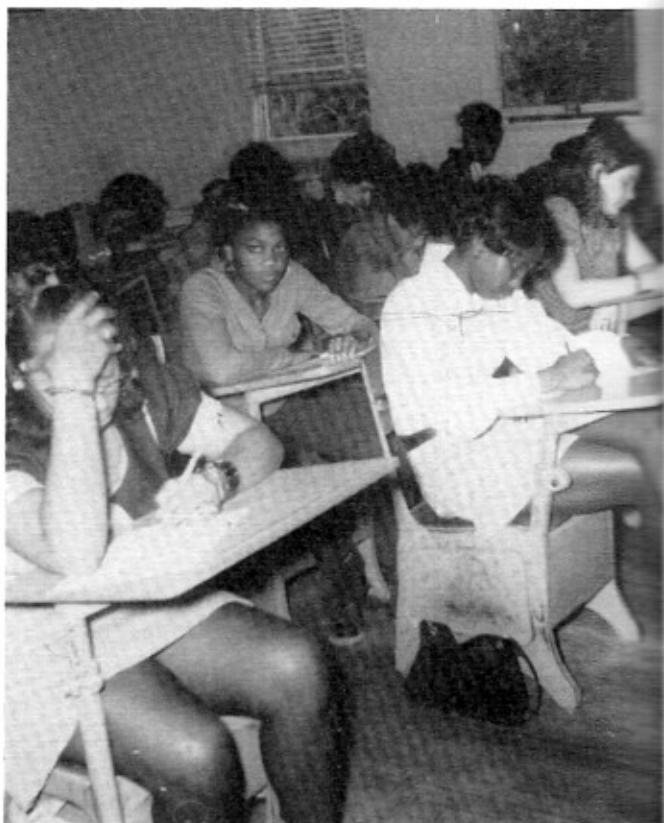

“Parlez-vous francais?” “Oui, Monsieur!”

“¿Habla usted espanol?” “Si, Señor!”

The thrill of learning a language is surpassed only by the thrill of communicating with others in that language.

The purpose of the Foreign Language Club is to make foreign languages more interesting to the students. Our motives are to encourage interest in the languages and to learn more about the civilization and culture of the country whose language we are learning to speak.

The Club is comprised of both students who are interested in French and Spanish. Our activities are centered around important events relating to the countries. Games and skits are also used to add to the students' enjoyment of the club.
