

FHA - Learning Today for Tomorrow

Future Homemakers of America is the national organization of youth studying home economics in junior and senior high schools of the United States, Puerto Rico, and the Virgin Islands. The basic objective of the organization is to help individuals improve personal, family, and community living through programs organized as a part of the home economics education curriculum in secondary schools.

The South Carolina Association of the Future Homemakers of America is a state chartered association and is an affiliate of the national organization of Future Homemakers of America. The state is composed of certified chapters.

Any student who is enrolled or has been enrolled in home economics is eligible for membership in the Future Homemakers of America. The home economics teachers serve as advisers to the local chapter.
