

MR. LOUIS E. MURRAY (left) is in his second year as assistant principal at Colleton High. When a teacher two years ago at Walterboro High, Mr. Murray was commended for his service to the school and community. He still is interested in serving the community and particularly in building community interest in the school. As an assistant principal he attempts to involve parents of Colleton High in solving school problems.

Besides his office and the school grounds, Mr. Murray is most frequently noticed by students when they attend football, basketball, and baseball games. He is there taking tickets and helping with the many problems that come along.

MR. SPENCER MOORER (below) is new to Colleton High, but not to the Walterboro area. He joined the staff at Colleton this year as assistant principal. Besides his administrative duties, Mr. Moorer has worked with the music department. He was the featured soloist at the combined Walterboro High-Colleton High Christmas Concert.
