

Cleveland Bouges, David Whay, and Charles Breland watch the game and are able to smile at the results.

SPORTS

The arrival of Mr. Joel Rice as athletic director ushered in a new era in our sports history. Football, as always, proved to be a favorite among the fans. Our thrilling victory over Summerville produced an air of excitement that lasted for days. Long hours of practice and lots of determination paid off as the Bulldogs, for the first time, went to the 4-AAAA play-offs.

Praise and hopes were high as basketball season began. Although our won-loss record was not the greatest, Coach Simmons and the team never gave up the fight. Several games were lost by only a few points. We were proud to have two basketball players, Joe Mack Bright and Stevie Peters, named to the all-conference team.

Golf and track were not among the most popular sports at Walterboro High, however, we were well represented at various events throughout the year.

Spring brought along a new surge of spirit in baseball. The team under the leadership of Coach Applebee, with their new uniforms, made a great showing.

Our 1975-76 sports program truly gave us reason to celebrate!

Practice! Practice! Practice! Does it really make perfect? The JV team certainly knows that.
