

"Nice try Nick, but I'm a fast one!" A St. Andrews Rock slips past third baseman Nick Pinckney.

Coach Rice and Raymond Ford, one of the team superstars, show their delight while observing the ball which Raymond sent out of the park. Raymond's homerun was a great aid in our win over Wando, 3-0.

... and it's another homerun! The Bulldogs blasted their way through the 1976 season with a 14-4 record and became the 7-AAAA conference champs. They went on to the district playoffs with hopes of winning the state finals. Raymond Ford, Nick Pinckney, and Vic Radcliffe made up the strong pitching staff, and almost every man on the team managed at least one homer.

All home games were played at the new industrial park instead of at the stadium. This possibly weakened game attendance until the Bulldogs proved their strength and made a reputation for themselves. WHS is very proud of these fine, young representatives of our school.

"I've got you. Now I'll try for another." Billy Smoak tags one out and tries for another one.

"I've made it chump!" Melvin makes it not a minute too soon.
