

# Colleton High School

Although Colleton High is located in a separate plant and includes the ninth and tenth grades, it is an extremely important part of Walterboro High. The two schools share coaches, the chorus director, team-sport participants, and cheerleaders. Colleton and Walterboro join forces to present a Christmas and Spring Concert each year, both schools are represented in the *Pawprint*, and the WHS Student Council members are elected from the CHS sophomore class. It is a long-range plan to eventually combine the two schools when a new building is feasible.
