After many hours of thought the annual staff decided on the theme "Reachin' Out." We feel that '76-'77 has been one of the most productive years of learning. We also believe that we as students of WHS have improved in our ability to work together and with the faculty. The students of WHS have learned to reach out to each other to help push WHS through the good times and the bad.

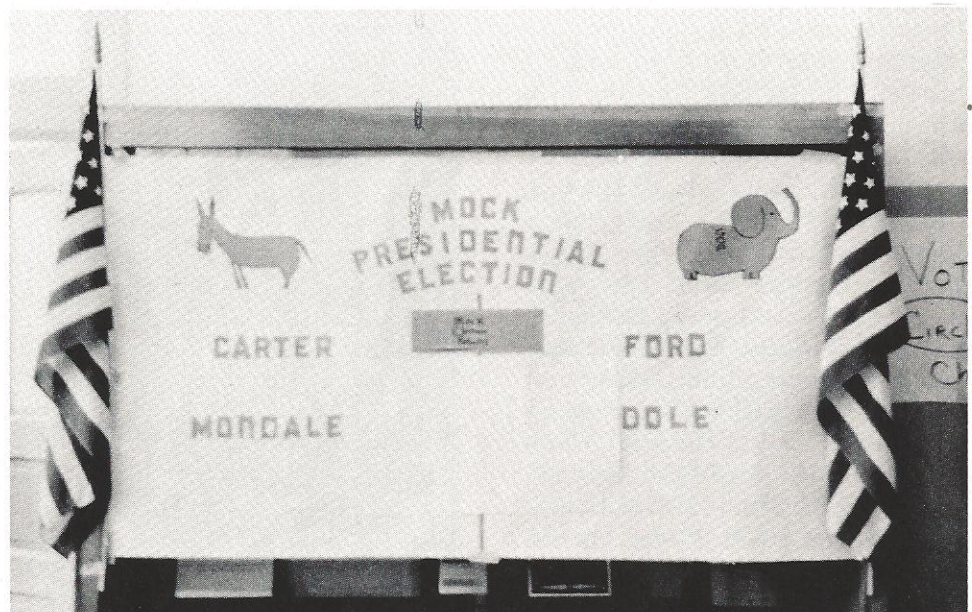

We feel that the clasped hands on the cover of our book symbolize the friendship and cooperation that has become a part of Walterboro High School.

# People

An amazingly large portion of our lives is spent inside a school building. We learn, eat lunch, waste time, and have fun during the course of each school day. The school environment becomes a total learning experience: we learn to accept the demands placed upon us by teachers and friends; we learn that there is never enough time to do the things we really want; and we learn that friends are sometimes easy to make but hard to keep.

# Colleton High School

Although Colleton High is located in a separate plant and includes the ninth and tenth grades, it is an extremely important part of Walterboro High. The two schools share coaches, the chorus director, team-sport participants, and cheerleaders. Colleton and Walterboro join forces to present a Christmas and Spring Concert each year, both schools are represented in the *Pawprint*, and the WHS Student Council members are elected from the CHS sophomore class. It is a long-range plan to eventually combine the two schools when a new building is feasible.

The purpose of that rotating disk on your electric meter is to measure the amount of power being used. The more you're using, the faster it goes. And the higher your monthly bill will be. Keep that in mind. And use electricity wisely. Because whenever you waste power, you waste money.

The annual is yours as a record of your past accomplishments. It is put together for future reference and as a memory book. The memories will recall the good times and the bad, and as you turn the pages friends and foes appear. You may think back and remember that the times were not all bad and sometimes wish that you could relive the experiences of high school days. The annual is for you and your enjoyment. We can only hope that our attempt to capture the feelings of your past was successful.

The annual staff would like to express its most sincere thanks to Mrs. Carolyn Henderson for her hard work on the annual and patient assistance to the staff members. Without Mrs. Henderson, publication of our annual would not have been possible.
