

A First Class Act

Though the faculty, classmates and routine were basically the same, graphically painted hallways, clean classrooms, and central air conditioning incorporated feelings of fresh starts for all.

Being in a brand new eight million dollar high school was something that most of the students had not experienced before. "Seeing the new high school for the first time just totally freaked me out!" exclaimed Senior Lisa Sisk. "To me, it looked like a big shopping mall," expressed Jannet Scott.

The appearance was not the only thing that made students proud of the new school. The 158 member Band of Blue placed first in State Competition; senior Ken Clark scored 1300 on the SAT, one of the highest scores ever made; defensive tackle Tony Stephens was chosen to play at the Shrine Bowl; the performing Chorus had seven people to make Honors All-State—Tony Jones, Elizabeth Belcher, Deneen Green, Mike Carter, Evon Robinson, Bert Crosby and Steve Hanna; football season came to a close with a victory over Burke 40-0; Rhonda Jones was crowned Homecoming Queen.

It was not only that students had broken records or won certain awards that made the school year memorable; It was also the spirit-filled pep rallies, the hard fought wins and the graceful losses, or maybe just a friendly smile from someone at the end of a rough day.

During the approximate two and one-half years wait, everyone had his own thoughts, opinions, and ideas about the new school. Now that we have finally moved in, we knew that our building, people, spirit and accomplishments made us a **First Class Act!**

Presenting the 1982-1983 Homecoming Queen crown to Rhonda Jones is Principal Mack Jones.
