

People

Teachers instructing, students listening, principals disciplining, parents encouraging—what did all of these have in common? They were all people, people involved and dedicated to a cause, our school.

From outstanding academic abilities to amazing achievements in sports, every person had a talent to contribute. Those talents were important to the success and well-being of our school.

Walterboro High School was people laughing, people crying, people shouting, people working. Personalities, contributions, and achievements are what made our school a **First Class Act.**

A favorite pass time during lunch is playing Uno with friends.
