

What Makes Us Great?

This year the sophomore class proved they were a first class act. Their spirit at pep rallies, football games, and assemblies helped. They participated in Student Council activities and elections, . . . they held dances and other activities, and gave their best when asked.

When it came to spirit, the sophomore class officers had it. These officers worked hard for their class and performed their assigned duties well. When Vice President Glenis Mosley was asked how she felt about the sophomore class spirit she replied, "The spirit was outstanding. It challenges the rising sophomores to match ours."

Sophomore Class officers: Samantha Ford, President; Glenis Mosley, Vice President; Jennie Padgett, Secretary; Jennie Stephens, Treasurer.
