# The Love of Their Lives

What does nine and one mean to you? Well, it meant a whole football season to the J.V. football players of 82-83. The J.V. football players fought a hard battle this year and came out with winning hands.

"This year's J.V. football season," said Freddie Hamilton, "was full of pride and purpose." The J.V. football players held their heads high with pride because they knew they played 'First Class' games. Theresa Wright, a J.V. cheerleader said, "They practiced hard for their games and put alot of team spirit into them, which helped them win." But, with all their wins, the J.V. had a great loss. They lost a very important and admired player, Paul Humphries, whom every player will miss. But the J.V. did have a season that was the love of their life, and they will forever remember it.
