

# New Kid on the Block

"Becoming a Freshmen was a kind of scary experience," said Felicia Martin. All those older upperclassmen roaming the halls really scared a nervous newcomer.

Seniors for years had been more like the moms and dads away from home for the underclassmen here at W.H.S. As one Senior Sharon Williams stated, "We had the responsibility to see that the newcomers felt welcomed." Giving simple directions or just being nice were some of the services granted to our newcomers. Like normal parents, Seniors gave their kids some discipline, but it went along with welcoming Freshmen into their big family at W.H.S.

New kid, Cynthia Carter, concentrates on a painting for art class.
