

# Making it Final

## *Ending the wait*

Senior Keys, Memorybooks and cap and gowns. All of those items made the list of things many seniors ordered from Jostens. Ordering senior supplies for most seniors was an exciting experience. One Senior, Linda Doctor stated, "I've finally reached the point where I can really feel confident that I will graduate. My cap and gown symbolizes the many years of preparation and hard work put forward for this mo-

ment."

The memorybook that most seniors ordered will hold the most cherished and unforgettable moments of their lives. Each page is filled with autographs of friends, teachers and that one most important person.

Congratulations to our First Class Seniors. The first class of our brand new school. Good luck in the future.
