

Preparing For Heaven

The gym was filled with a lot of sighs and moans as preparers for the prom tried to decide the first step they should take. Some thought it was impossible to decorate the gigantic gym. Others felt they might not have enough time, but there were still those who were very hopeful as they pictured the scene, "Stairway To Heaven" in their minds.

Prom preparations began as Mrs.

Skelton got everyone organized to work on the decorations. There was much work to be done, and only two days to do it in. The decorations consisted of stars and glitter, while the most time consuming was the preparation of the Stairway itself.

All in all, there was much work done, a lot of sweat and determination, but it was completed ahead of schedule, and was a job well done.

Decorating the table before the big night are Chris Davis, Pat Stevenson, and Mrs. Marilyn Zielke.

Bill Hough and Toya Brown find time during the busy preparations to joke around "under the moon and stars."
