

## Community

Walterboro is a great town! This slogan greeted residents and visitors alike when they entered our great community.

A new hospital and a new school were only a few of the additions made to Walterboro this year. Mayor Elton Culpepper expanded his quick stop business and built a prosperous Pepper Mart II. Piggly Wiggly changed ownerships and moved into a bigger and more modern facility while the County Council made plans for a new post office. Numerous factories and businesses closed down while others opened up and expanded.

Walterboro now boasts the best marching band in the state, The Band of Blue. Walterboro's hard working band also placed third at the Orange Bowl Competition in Florida.

These things, along with others made Walterboro a **First Class Act**

---

Viewing Walterboro's new hospital, a 145 bed HCA facility, is a pleasant task.
