

Just Enjoy Yourself

Enjoyable times were the most favored times during school. The Activity and Recreation club helped to make the year enjoyable. After all, what was a football game without the team running through a huge, colorful, spirited sign? One Saturday morning, the

club held a bake sale in front of Dr. Cool, a Hot Spot on Lemacks Street.

When asked how she felt about the club's plans for the year, Verlanda Coleman exclaimed, "I was excited and thrilled."

President, Toya Brown, and

Advisor, W. Davis, handled 210 people at meetings and functions with an air of ease and efficiency.

With responsible members, a dedicated advisor, and a school full of students, the Activity and Recreation club had the world at its disposal.

Travis Evans uses his talents to create a spirit-filled sign for a football game.

Breaking through a sign made by the Activity and Recreation club, the football team anticipates a victory.
