

Cultural Education

Developing a prosperous acting career takes a lot of dedication and talent. Members of the Drama Club participated in the production of two One-Act plays; "Father Lives With Seven Women" and "Sidetracked". Drama is an ancient part of one's cultural life and it became a part of students' lives.

The National Honor Society

was a club one was proud to belong to. Students had to obtain a 90 average, and keep it throughout the years. An installation ceremony was presented in which parents attended and students were recognized by older members of the society. It was a great achievement to be part of the National Honor Society.
