

# Bulldog Faces

## Success and Victory— We Are the Champions

The followers, fans and friends of the Bulldogs were congratulated. The coaches, booster club, and Mrs. Rhode were congratulated. And those incredible football players of 1983 were congratulated. They obtained an honor never before achieved in Walterboro's football history—a state title.

Although Walterboro possessed a strong football program, it did not lack in other areas. We had champion cross country runners: Chris Legourd and Dale Hoover, all state soccer players; Grover Owens, Garrett Carter, and Rolfe Martin, and too many scholarship winners to list. Our athletic department was active and got the community involved.

The sporting years are a time that a young athlete will never forget. The pep rallies, spirit posters, and receptions showed support, love, admiration and **Our Stamp Of Approval**.

As the ever faithful Bulldog watches over the fans, some cold weather support is shown for the soccer team.
