Serving Up a Winner

in a better way

For the first time, Walterboro had two tennis teams, the varsity team and a B team. The new addition was the B team. The B team didn't travel, but they practiced with the varsity team and went to all the home matches. The B team consisted of Marlene Brabham, Robbie Brabham, Chris Bowers, Jimmy Cook, Todd Mosely and Woody Nettles.

The varsity team did better this year than any other team in the past few years. Every one was a winner. All the members of the team won at least one

match. Among the top performers of the year's team were Tommy Osteen, Jeff McGill, Paul Harrison and Paul Seigler, Most Valuable Player. All four of these players won conference matches.

The team lost Paul Seigler and Lynn Nichols, the only girl on the varsity team. But returners in addition to conference winners will be Tim Benson, Harold Lowery, Eric Clark and Most Improved Award Winner Eric Frasier. With the experience the team gained this year, next year looks like a winner.
