# Rounding The Bases

## *heading home*

The varsity baseball team practiced long and hard before their first game against Beaufort. Although they lost their first two games in close contests, they came back to win three in a row. They pulled out a 4-3 win over Goose Creek in extra innings.

This was a good year for Walterboro's baseball team. Not only did they get a new pitching machine to help with bat-

ting practice, but the Bulldog Booster Club built a new baseball field right across from the school.

The team won 12 and lost 6 in regular season play—a pretty good record for a team that had twelve losses last year. They ended the season with a pretty good standing in the conference and a good lookout for the playoffs.
