

A Stamp of Approval

Chem. lab, Spanish tape papers and algebra tests; proms, wild beach weekends and break dancing; pep rallies, assemblies and campaign speeches; long lunch lines, student store visits and a bomb threat—we will fondly remember these things the rest of our lives but one memory will stand out among the rest. We will always recall the people we worked, learned and laughed with. We will never forget our friends and their help in **Stamping this year with Approval.**

Love, lockers and labor—school life reflects them all. Donna Wilson must share something special with Lonnie Beach.
