Nicely Put With a Constant Smile

Homecoming Queen, LaVerne Aiken and Timmy Grant are most congenial.

Congenial as defined by Webster's Dictionary is "having the same disposition, interests or tastes; agreeable." LaVerne Aiken and Timmy Grant were considered by the senior class to fit this description. Students described them as the two most likable people. One student said "They're always so nice, never unkind or unfriendly to anyone."

LaVerne was a member of the band, yearbook staff, softball team and was selected as Homecoming Queen. She plans to attend College in the fall, but has not finalized her plans yet.

Timmy was in the band. In the fall, he plans to attend the Citadel.

"Timmy is so optimistic and happy all the time. It's really a pleasure to be in the same room with him," said teacher Mrs. Joan O'Briant.
