## Top of the Class

**All the time and effort** Chrissy Greene expends in being studious and studying diligently paid off. Chrissy is ranked number one in the sophomore class.

"The hard work paid off," was how Chrissy Greene felt about her sophomore year. She was number one in the class. Recalling feelings toward the amount of study time that was needed in order to keep a number one class rank, Chrissy commented, "a lot of time was needed in order to prepare for tests, but I tried not to take everything all at once. I just took it one step at a time."

Chrissy's favorite subjects were biology and English. Mrs. Blocker, her English teacher, pointed out that "conscientousness and self-motivation were

forces that drove her to excel. Other than her academic talent, she was very personable and considerate." Her favorite hobbies were swiming and playing the piano.

During the year, she was her homeroom representative for Student Council. She was also a member of the National Honor Society and a member of the Junior Academic Team. After graduation, she plans to go to college to study medicine.
